## Town Council discusses small business proposal

A proposal by Grandin Cleaners and Grandin Barber and Beauty Shop to erect a building north of the Bank of Commerce on St. Thomas Street (now Grandin Road) has run into opposition from Planner Wayne Gordon and Mr. Norm Petty was present at the August 20 meeting of St. Albert council. He pointed out that the option on the two-lot property expires Oct. 1st. The two lots extend from the bank to the corner where the road turns, and the proposed building would face the new medical building recently completed by Carmar Holding Ltd.

If he had looked at alternative sites, Mr. Petty stated there was no other location. "We have to be close to Grandin Shopping Centre, which is our bread and butter."

Councillor Fyfe asked the planner if he could suggest another site and Mr. Gordon enquired if it was correct that Mr. Petty had looked at some Roraph property. "Yes - on the old dump road at one time, for a dry cleaning plant - but that would mean keeping two places going."

"If it must be that specific - re walking distance to Grandin Shoppers Park -

there is no other spot available," said Mr. Gordon. "But I'm still against a policy which would allow such a development. It will have a negative effect on central area development." He felt the town should not do this type of strip development on Perron, Churchill or Grandin.

Councillor Bakker wanted to see a sketch of the central area showing position of available lots, before reaching a decision. The mayor felt Mr. Petty's argument was quite valid for both businesses involved.

"I respect that," said the Mayor. Please Turn To Page 3

When Councillor John de Bruijn got his turn at new business at Monday night's committee meeting he said that first he wanted to congratulate the engineer on the erection of new directional signs now going up in St. Albert. "And in the interests of good public relations" said Mr. de Bruijn, would it be possible to have a picture taken - and would it be further possible to have one sent to Rene Kambourff? Which drew a roar of laughter from all assembled. The former councillor never lost an opportunity to bring up the matter of signs in his own inimitable style, which could make the engineer blush. Mr. Maandag said with much feeling that "it would be a pleasure!" Meanwhile a psychic Gazette photographer had already taken the above picture - which we will be happy to forward to Mr. Maandag in the interests of the town budget.

## Rail Strike Cripples Many Local Businesses

The national rail strike tying up Canada since Monday morning is having its adverse effects in St. Albert. The Gazette conducted a random survey of local businesses and asked: "Is the present rail strike affecting your business and if so in what way?" Here are some of the answers:

Jim Byrne's Men's Wear Our made-to-measure suits come from Montreal, Garth Peterson said, and at present we're awaiting shipments which we desperately need. Although we still have a fair stock on hand of other men's wear, it won't be long before we're going

to be running short of socks, shirts, ties and the such. Mr. Peterson said his store gets about 85 per cent of its stock from eastern suppliers and if the strike isn't settled soon, shortages in many lines will be encountered.

Bank of Montreal - Miss Maxine Wiseman, administrative manager issued a statement on behalf of Moe Gerwing, branch manager. Miss Wiseman admitted that the strike has put the bank in a short position on coins and predicts that if the rail tie-up isn't settled soon, coins will be in a desperate state of short

supply. At the moment Miss Wiseman said we are rationing our customers, especially of 25 cent pieces.

Atlas Aluminum Products - Charley Bouchard told The Gazette his firm has about one ton of aluminum raw materials in transit somewhere between St. Albert and Ontario. If the rail strike continues for too many more days we're going to be short of aluminum materials and can foresee where we will be unable to fill out orders for windows, doors and awnings. "If we can't complete orders," Mr. Bouchard said "we just lose the business." Please Turn To Page 3

Top picture shows a typical period during school registration day Monday at Sir Alexander Mackenzie School. Here we see a St. Albert mother accompanied by her pretty young daughter making arrangements to start the young lady in Grade 1. This scene was repeated many times during the day. At bottom is Jack Patterson, principal at Vital Grandin School filling out a registration questionnaire while another Grade 1 pupil is launched into his initial scholastic career.

## Over 5,000 Students Start Term

Well over 5,000 St. Albert students registered for the new school term on Monday and according to enrolment figures available today in relation to projections, this town's 10 schools will be crowded to near-capacity. The 10 schools include six within the Separate System and four in the Public System.

Registrations this year were held Monday, August 27 throughout the entire region including Sturgeon and Thibault and in all instances trends indicate enrolment projections will be either met or surpassed. This development is being attributed to the extensive growth of St. Albert coupled to pretty accurate use of projection formulas by school superintendents.

St. Albert's Public School District has already enrolled over 2,250 students while

the Separate District reports an enrolment to date of over 3,200 students. Both systems expect additional registrations after the Labor Day weekend along with a few late-comers expected until the end of September.

There's an unofficial 'rumble' throughout the district that this year will be the last when the school term starts before Labor Day. Classes started in full swing this morning (Wednesday, August 29).

## Have A Good Trip Elmer But No Home Movies Please

Superintendent of Schools for the No. 6 System, Elmer Gish asked the Board for five days with pay while he and his wife spend a holiday in Europe and Britain starting in mid-September.

Mr. Gish explained to the Board that while abroad, he will visit a number of schools in Britain and Western Europe and while doing so, would appreciate being allowed additional time with pay for that purpose. Chairman of the Board,

C. Schroder made a motion that the recommendation be approved, to which the other members of the Board concurred.

However, Trustee Bill Webber asked jokingly "does this mean we'll have to watch his home movies once he returns?" Elmer replied, "I'll only impose that part of my trip on you which deals with my visit of the foreign schools."

The entire Board then heaved a sigh of relief.

## Town Council Schedules Five Public Hearings

Five public hearings have been scheduled by town council, three for September 17, in all of these, the public is invited to view proposed rezoning applications of parcels of land within the corporate limits of St. Albert and voice their reactions.

The first three public hearings will be held immediately following the Labor

"Why did you spend all that money to learn reading?"

"Listen, pal, when you drive on highways and freeways as much as I do, you've got to learn to read fast or you never get off."

Day weekend. In view of the statutory holiday, council will be meeting Tuesday, September 4.

The first is to rezone the westerly half of Lot 3, Block 3 from Residential Comprehensive to Hotel Parking. The parcel of land up for rezoning is located immediately west of the new St. Albert Inn. This hearing will be heard at 7:35 p.m.

The second hearing will be held at 7:55 p.m. and with an application to rezone River Lots 47 and 48 lying between the Sturgeon River and Sturgeon Road from Residential Comprehensive to Residential Single Family and Park. Next will be a

hearing scheduled for 8:15 to rezone Block F7 in Lacombe Park together with a portion of the old Dawson Road allowance, from Residential Comprehensive to Residential Single Family and Park. This block of land is situated immediately north of Leddy Avenue in the Lacombe Park Subdivision.

Then, on September 17, two more public hearings will entertain public reaction regarding rezoning applications of two other blocks of land.

The first is to rezone the northerly portion of Lot 57 from Residential Multiple Family to Single Family. The lot in question is located east of Fairview located east of Fairview Blvd., in the Forest Lawn Subdivision. This hearing has been set for 7:35 p.m.

Twenty minutes later, council will entertain its second public hearing dealing with the rezoning of River Lot 46 lying between Sir Winston Churchill Ave., and Sturgeon Road from Residential Comprehensive to Residential Single Family and the southwestern portion abutting said lands to Park.

## Date Set For Community Band Registration

The St. Albert Community Band is off and running for the new year.

Sponsored by the Breakfast Lions Club of St. Albert, the band will hold its registration night on Tuesday, September 4, at 7 p.m. at Father Jan School, with the first regular rehearsal the following week.

Band officials have expressed much optimism for the coming year following the tremendous success of its last year's program.

The senior section of the Band consists of students and adults with previous playing experience while the beginners' section is open to anyone from Grade six up. Previous musical training is NOT necessary as

beginning instruction is provided.

The Band is pleased to announce the hiring of a new director and assistant director for this year. Mr. James Humphries, last year's assistant director, takes over as Director of Bands, while Mr. Peter Holt will handle the duties of Assistant Director.

A highlight for any student attending senior high school in St. Albert is the fact that credits can be obtained for participation in the Band program. To date, many senior high students have taken advantage of this opportunity.

The Band is a community band, and can only be successful with the support

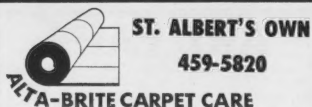

of the people of St. Albert. We urge that you consider joining this organization.

For further information please phone 459-3841 or 459-7384. Or better yet, come to the registration night; view the instrument displays; talk to band officials.

Remember Tuesday night, 7 p.m. at Father Jan School. Get into the community spirit!

Wife (watching TV): "They say that his personality alone has sold thousands of television sets."

Husband (wearily): "I believe it. After seeing him, I feel like selling ours."

### CARPETS STEAM CLEANED

Steam cleaning's deep-down extraction method gently dislodges embedded dirt from the fibre because steam cleans from the bottom up -- not the top down. You'll actually see dirt, grime, old detergent, etc., removed from your carpets and as no residue is left your carpets will remain clean longer.

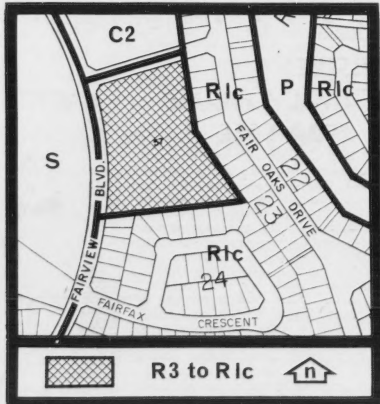

## Town of St. Albert

### NOTICE OF PUBLIC HEARING

The Council of the Town of St. Albert, having been given authority under Section 119 of the Planning Act 1970 R.S.A. as amended, to control development within the boundaries of the Town of St. Albert by zoning, will hold a public hearing.

The purpose of the hearing is to rezone the northerly portion of Lot 57, Block 21, Plan 1727 T.R. from Residential Multiple Family (R3) to Residential Single Family (R1c).

**R3 to R1c**

The proposed Bylaw No. 31/73 may be examined between the hours of 9:00 a.m. to 4:30 p.m. at the office of the Secretary-Treasurer, Town Hall, St. Albert.

The public hearing will be held in the CI clubhouse on the 17th day of September, 1973 at 7:35 p.m.

Written objections to the proposed bylaw will be received by the Secretary-Treasurer at his office until 4:30 p.m. on the 11th day of September, 1973. Objections shall be submitted in writing prior to the meeting, those which have been received before the designated time will be discussed at the meeting before further oral presentations will be recognized.

R. B. BOWEN, SECRETARY-TREASURER.

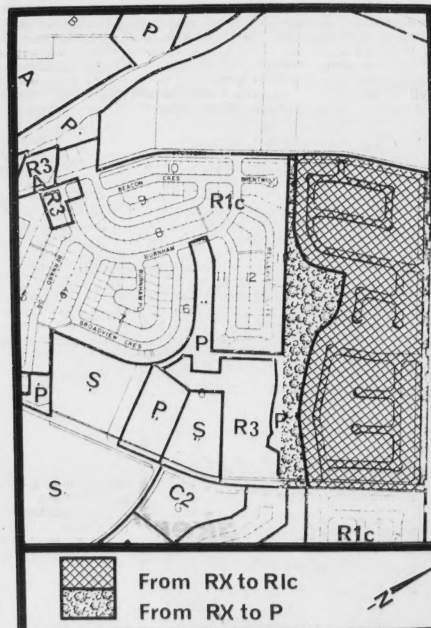

## Town of St. Albert

### Notice of Public Hearing

The Council of the Town of St. Albert, having been given authority under Section 119 of the Planning Act 1970 R.S.A. as amended, to control development within the boundaries of the Town of St. Albert by zoning, will hold a public hearing.

The purpose of the hearing is to rezone the unsubdivided portion of River Lot 46, St. Albert Settlement, lying between Sir Winston Churchill Avenue and Sturgeon Road from Residential Comprehensive (RX) to Residential Single Family (R1c) and Park (P).

**From RX to R1c  
From RX to P**

The proposed Bylaw No. 33/73 may be examined between the hours of 9 a.m. to 4:30 p.m. at the office of the Secretary-Treasurer, Town Hall, St. Albert.

The public hearing will be held in the Clubhouse on the 17th day of September, 1973 at 7:55 p.m.

Written objections to the proposed bylaw will be received by the Secretary-Treasurer at his office until 4:30 p.m. on the 11th day of September, 1973. Objections shall be submitted in writing prior to the meeting, those which have been received before the designated time will be discussed at the meeting before further oral presentations will be recognized.

R. B. BOWEN, SECRETARY-TREASURER.

## Business Continued From Page 1

planner, but we already have a badly fragmented situation with respect to the Carnar property, and perhaps that developer could reconsider his position. The mayor pointed out that both men want to escape high rental, "I don't believe Carnar developers would use their remaining two parcels for anything but a major development, which these men couldn't handle," Mr. Petty said that was correct - "we asked there first."

Coun, Bakker's motion to refer the proposal to staff to bring further information to the following week's meeting, carried unanimously.

A recommendation from the Police Commissioners meeting that all municipal bylaw be received caused some levity at the meeting and Coun, Thronsdon said it might be a good idea, "I agree," said Mayor Gibson - let's do it in the near future after a review by staff, and Coun, Bakker said there were a number on the books that need review. However, they agreed with Coun, de Bruijn that as the recommendation originates in a police commission meeting the intent was to review just those relating to the commission. The mayor's motion to send it back to the commission for clarification was carried.

The Police Commission is also working on a noise bylaw and will be receiving further information from Dr. Howell of the Health Unit. S/Sgt. Clark is investigating equipment models and a training course.

Mr. Neil Stewart, Committee chairman for the Kinsmen Minor Hockey program presented a request for a firm commitment for ice rental rates next season, and was informed they would remain as last year at \$8 per hour, following a unanimous vote of council.

Mr. F. Cadham attended the meeting for Highfield Development Corp. on the firm's development propo-

sal for a commercial building next to the Post Office on Perron street. Planner Gordon wanted some upgrading of the east elevation and a change in the entrance doors positioning. Coun, Thronsdon moved that basic approval of the design be given the developer, subject to the aesthetics and doors positioning requirements, which carried 6-1, Coun, Bakker opposed. The proposal will come back for final approval when the single tenant and

the developer have agreed on the interior layout. In response to a question from Coun, Thronsdon, Mr. Cadham said the building could be completed in three and one-half to four months.

Council also met with two residents having problems with garages and in both cases waived the regulations slightly to allow the proposals. Pie shaped and other unconventional ones give rise to minor problems of this nature.

## Rail Strike

Continued From Page 1

Grandin Bakery - "We still have some flour on hand," Peter Zudeima reported, "however, since there is no stock left in Edmonton, we have had to expedite a truck to Saskatoon where a shipment should tide us over until the rail tie-up is settled," Mr. Zudeima added that shipments via truck were only a temporary emergency measure, and an expensive one.

Hutchings Family Shoes - The strike is going to cost us about \$2,000 in the loss of sales," Harry Hutchings told The Gazette. He also predicted that the \$2,000 figure will spiral if the strike continues for the length of time. Mr. Hutchings said he buys his shoe stock from eastern firms and at the moment he has thousands of dollars worth of orders in transit.

Macleod's - Local manager Jack Pickett admitted the rail tie-up has already caused a delay in the delivery of freezers since these are produced in eastern Canada. "We are also getting low in stock of other lines," Mr. Pickett said, "and this situation is going to get worse if the strike is not settled soon." He did say however that Macleods has put all its trucks into motion but there's no way where they can cope with long-distance hauling demands because the firm's

trucks are already going round the clock.

CJD Farm Implements - Bert Blomme was quick to admit the rail strike was affecting his business. "It's delaying delivery of urgently-needed farm machinery," Mr. Blomme said and thus costing us great sales losses. "He gave as an example of this dilemma where last week he had to dispatch a truck to pick up two swathers in Vermillion where the strike caught these two machines he had sold and had to deliver. "We had two balers in transit from the U.S.," Mr. Blomme said, "and these arrived just before the strike was called. We are held up for many vital machinery parts our customers need very badly," he said.

Safeway - The rail strike is affecting Safeway, particularly in its stock of dry cereals and some groceries. Since produce and meats are brought in via truck transport, no big problems are being encountered in obtaining a good supply of those items. Safeway has its own truck line, however, these vehicles are used to transport goods from warehouses to the retail outlets and not for long-distance hauling. Safeway did say however that if the rail strike continues indefinitely the firm's truck lines could be restructured for long-distance hauling but that would only be as a last resort.

Alberta Liquor Control Board - The St. Albert outlet has already felt the pinch as a result of the strike. Some lines of their 'goodies' are out of stock and substitutes have to be made in the case of gin, whiskey and some wines.

Firms associated with the construction industry are unanimous in their statements regarding the rail strike.

B. J. Graham has already run into a window problem in relation to the Credit Union Bldg. under construction. Mr. Graham said the lost windows are somewhere between St. Albert and eastern Canada and it's anybody's guess how long it will take

Construction workers are busy pouring concrete walks, steps and so on at the Grandin Medical Bldg., in an attempt to beat the Thursday deadline when concrete firms will have to close shop until the rail strike is settled.

for that order to arrive, even after the rail strike is settled. Mr. Graham also said his supplier of ready-mixed concrete will be out of stock on Thursday and thus halt contractors.

According to concrete suppliers, it will take about 10 days after trains start rolling again for the firms to get back into production.

Cox Plumbing and Heating reported they're running out of certain fittings and may have to delay or halt some of their projects. The same holds true for Standard General Construction Limited. Arnold Berg, manager told The Gazette his firm is already faced with a shortage of concrete and the remaining supply will be exhausted before this week is out if freight doesn't start moving again. Inland Cement will also have to halt operations if raw materials can't be brought in.

## Letters to the editor Recreation Open Letter head praised From The Fire Chief

The Editor:

May I please, through your newspaper, thank Mrs. Renee Laird of the St. Albert Recreation Department for her untiring efforts to welcome and entertain a group of paraplegics from Quebec. Through her, numerous people were contacted and given an opportunity to participate in the two events involving St. Albert.

I know personally the efforts she made to provide the place, the atmosphere and the bilingual residents who would add to the congeniality and "entente," despite the fact that a good number of people were away on holidays at that time. This required her time and effort over and above her working hours, and showed her genuine concern.

Throughout the years St. Albert has participated in student exchanges and study groups which should prove an education on both sides, bringing our widely extended country closer together in spirit. In participating in this particular visit, I was the one who received much more than I gave, because Mrs. Laird called.

From the province which gave us Father LaCombe, and was the first source of assistance to Alberta through our missionaries, our historical liaison becomes very clear, making all these encounters so very meaningful.

Renee, merci beaucoup.

Florence Lefebvre  
34 Grandville Ave.

Holiday season is about over which brings us closer to Fall and then Winter. It is time to start on getting your home's ready for winter by having the accumulated rubbish done away with and your heating appliances checked and serviced.

This year Fire Prevention Week falls on October 7 to 13. The fire department are going to again do home inspections starting on September 11 in Grandview Ridge off Grenfell. September 18 will be in Grandin Village area, September 25 to October 16 in Forest Lawn area. Remember the men are doing this to help you prevent fires, so kindly make them welcome. They also will answer any question you may have pertaining to fire prevention.

We are always trying to achieve a Fire Free Town and with your full co-operation maybe we will be able to reach this goal. Keep in mind the department is here not only to stop fires but also to help you prevent fires before they start. Anyone wanting their home inspected or wishing to discuss Fire Prevention should call 459-7021 and we will be pleased to help.

## Local dancing school prepares for 10th year

On September 10, St. Albert School of Dancing will be opening its 10th successful season. As the town has grown so has the dance school, who started with 30 students and has expanded to a present 200, an indication that satisfied customers appreciate the high standard of tuition.

This year Cindy Alford and Peggy Sinclair will be joining the staff. Both these girls recently received their first major examination certificates from the NSTD. Cindy has had two years teaching experience in Edmonton, has won numerous medals in competitions, and in the Alberta Dance Festival was awarded a scholarship for outstanding performance.

Peggy has been with the school for many years, and has worked her way through the children's grades up to major standard. Both girls have ample experience in exam work, festivals and choreography and are sure to be a valuable asset in handling the school's busy schedule.

Children are accepted at the tender age of three, in preparation for syllabus work at age six. Dancing provides healthy develop-

ment of body and mind, good posture with a self-assured competitive attitude, and correct training is absolutely essential.

The principals of the school, Alma Hughes and Gladys Smith, have had extensive training in all fields of dance with the Imperial Society of Teachers of Dancing, in England, Al Gilbert of Hollywood, Brian Foley and Denis Moore, both of Toronto.

Although many teachers in the Edmonton area are now teaching the ISTD syllabus, Alma and Gladys are the only two who have teachers certificates from ISTD (London, Eng.) and are licensed members of this world wide society.

Last year was the busiest the principals can remember. In December students entered the Alberta Tap competition then prepared immediately for exams in April. The Alberta Dance Festival followed in May, and the school ended its year with their recital in June. After much hard work and hours of practice the students who took part in the dance festival were outstanding in their performances coming away with many awards and scholarships.

Teachers at St. Albert School of Dancing strike a variety of attitudes for the cameraman following a planning session for the new term, which begins September 10. From left are Peggy Sinclair, Gladys Smith, Alma Hughes and Cindy Alford.

This year, as well as the annual exams, the school will concentrate on more festival work and is considering producing another children's musical, similar to the extremely successful "Wizard of Oz" which the

school presented five years ago at Victoria Composite High School and also on CFRN television.

As most classes are limited in number, it is advisable to register early so as to avoid disappointment.

## Hon. Schmid Approves Program

Minister of Culture, Youth and Recreation, Horst A. Schmid, has approved a new grants program for museums in Alberta.

Museums which qualify will be eligible for an annual grant of up to \$500 to assist in the upgrading of existing operations. Grants are available for the current fiscal year, and comprise a basic \$200 grant plus a supplement of \$1 for each dollar raised in the 1972-73 fiscal year from sources other than provincial and federal governments, to a maximum of \$300.

The purpose of the new funding is to assist in upgrading the operations of existing Alberta museums, in such aspects as display, collections and curatorial

work. In order to qualify, a museum should:

- Be established and operated under the authority of an incorporated society, municipality or foundation.
- Be open to the public at regular hours.
- Own a major part of its

collection which has been appropriately catalogued.

Further details and application forms covering the new grants program are available from Ian Patterson, museum liaison officer, Provincial Museum and Archives of Alberta.

## Local Family to welcome visitor from Australia

Gill and Rose Franssen of Beacon Crescent are awaiting the visit of Gill's brother Joe from Australia with considerable excitement. They have not seen him for nearly 25 years, when both families were living in Holland.

Joe and his family emigrated to Australia in 1951 and three years later Gill and his family came to Canada, so now they are most interested in the opportunity to compare notes.

The visitor will be here for five or six weeks and the Franssens have arranged three weeks of holidays so they can take him to the

Rocky Mountains and Vancouver, and hopefully to Toronto to see their daughter Margot. Joe's family are grown and away from home and he lost his wife about a year ago, so he is travelling alone.

Since coming to Canada Gill and Rose and their family have lived in Edmonton, Calgary and Lethbridge as Gill was moved by his firm. They came to St. Albert in April and are hoping to be settled here, as they are really enjoying the town. In two years time they are planning an Australian holiday.

Plastic surgeons can do almost anything with the human nose - except keep it out of other people's businesses.

Wife (watching TV): "They say that his personality alone has sold thousands of television sets."

Husband (wearily): "I believe it. After seeing him, I feel like selling ours."

Emery's Pipe Shop has taken up new quarters in Grandin Shoppers Park, at the southern end of the new building leased to the Alberta Liquor Control Board. Gerry and Irene Belke have been operating Emery's Pipe Shop since April 1968. They first occupied 1,000 square feet in Grandin's northern section until last week when they moved into their new and larger quarters. Although Gerry and Irene are busy getting squared away in their new premises, they are operating as usual while setting things up for their grand opening Thursday, August 30. Gerry told The Gazette there will be specials plus give-aways on opening day in the new store and everybody is cordially invited to come by and say Hi!

## Drivers Needed - Meals On Wheels

The meals on wheels program in St. Albert requires volunteer drivers, particularly for Mondays and Tuesdays, reports co-ordinator, Hettie Blades. The meals are delivered at mid-day five days a week, or arrangements may be made to get them two or three times a week if preferred.

Some of the women who served as drivers through the summer find they are unable to continue when school starts as the older students are no longer available for babysitting. Men volunteer drivers are also welcomed and three men are presently assisting on an emergency basis.

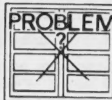

The service began in St. Albert on June 18 and has averaged about two regular customers, plus some temporary service to people coming out of hospital. With the return of cold weather Mrs. Blades feels that more people might like to use meals on wheels. She emphasizes the importance of older people getting well balanced

and nutritious meals. The meals are provided by Youville Home and diabeto diets are available. Cost is a maximum of 85¢ per day, for one hot meal at noon, depending on ability to pay.

Interested persons may make arrangements for the service or volunteer as drivers by telephoning the Health Unit at 459-6671, or Mrs. Blades at 459-4756.

# Edmonton's 'Pink Report' Fails To Impress BACM

BACM Development Corporation Limited is not too impressed with Edmonton's 92-page tome entitled 'The Future of This City.'

When the pink-covered document on that city's proposed annexation plan was distributed a few weeks ago, it immediately provoked reactions throughout Northern Alberta, especially in communities located near the perimeter of Edmonton's proposed annexation boundaries. Included in those who reacted against plans contained in The Future of This City was BACM Development Corp., one of the major landowners north of Edmonton and in St. Albert.

Neville Bothwell, manager, Edmonton Region for BACM's land development division was one of the first to appear before Edmonton City Council and register protests against two major points which the 'Pink Report' advocates.

BACM was that the City of Edmonton amend its recommendation in regard to the location of perpetual agricultural zones (green belt). Mr. Bothwell objected to the city's proposal to establish parts of BACM lands in the green belt, "thus sterilize land which has been approved for annexation and subsequently zoned for residential development," Mr. Bothwell said.

The BACM representative had no great problem in obtaining City of Edmonton's approval to amend that part of the 'Pink Report' and his recommendation that City Council provide detailed consideration to the most desirable location for the proposed ring road in the BACM outline plan area. However, Mr. Bothwell agreed that he had to study The Future of This City very carefully and act promptly to have these two proposed clauses amended before things got out of hand.

In view of these discrepancies, Mr. Bothwell was asked by The Gazette to comment on Edmonton's recently-issued 92-page annexation proposal 'The Future of This City.'

Mr. Bothwell unhesitatingly said the 'Pink Report' failed to clearly define planning development policies. He told The Gazette his firm has been negotiating in a very constructive manner with Edmonton for a number of years in terms of land development and now, according to the 92-page report "we're honestly not sure where we stand or are we sure past policies will be honored."

"Another area of concern to us," Mr. Bothwell said, "deals with the green belt previously slated to lie between St. Albert, Sherwood Park and Edmonton." The report does not appear to respect this plan's concept he said, or whether the green belt is going to be retained at all.

In relation to long-standing policies between Edmonton and BACM, Mr. Bothwell feels The Future of This City "does not respect specific outline planning that has been carried out consistently with the Edmonton Regional Planning Commission in the adjacent towns

and municipalities."

"It is not realistic or desirable to contain a city within an agricultural green belt," Mr. Bothwell said. He explained that Edmonton is going to grow and if growth is directed outside the green belt, then this presents a transportation problem . . . among others . . . and these always come back to the resident at great cost.

Mr. Bothwell is of the opinion that Edmonton is not wise in trying to contain itself within a sterile green belt and further should direct its expansion in terms of urban economics.

## Dog Fanciers Form Local Kennel Club

About 20 breed dog owners from St. Albert and District have now formed a local Kennel Club and elected an interim executive. The meeting was held in the residence of Mr. and Mrs. Jack Post of 26 Seymore Cresc., August 20.

It was decided at the meeting that an interim board would be elected until the St. Albert and District Kennel Club holds its annual meeting early in 1974.

Elected to office was Robert Symon, president; Jack Post, vice-president; Marcia Cotter, secretary and Dorothy Wentworth, treasurer.

Besides discussing membership fees, the newly-formed club talked about forthcoming demonstrations and other plans, including a locale in which to hold functions and future meetings.

Interested citizens are asked to call Jack Post at 459-7387 or Mrs. Cotter at 459-5120 for further information regarding the meeting place of September 11.

At the University of Alberta School of Nursing graduation exercises on August 20 in the Jubilee Auditorium, Miss Lynn Hopkins was awarded the Eva Shimizu Prize for outstanding merit in orthopaedics. Lynn is the daughter of Mr. and Mrs. Lloyd Hopkins, 17 Geneva Cresc. and received her education at Sir George Simpson School and Paul Kane High School from which she graduated in 1970 with the Medical Scholarship offered by Associate Medical Clinic. While a student nurse she won a bursary at the end of her second year. Her winning ways have culminated in this most recent award and as the only girl from St. Albert graduating from the Nursing School at the University she and her family are to be congratulated.

## Candidates Invited To Library Vacancies

ns, accompanied by their families are being received by the chairman of the library nominating committee to fill two vacancies on the nine-seat board. Deadline for applications is Saturday, September 1, 1973 and successful applicants will serve for a period of three years.

The vacancies came about as a result of the resignation of Mrs. Ardis Kamra whose husband was posted to Jamaica for one year. The other vacancy is a newly-created seat which brings the library board complement to nine members.

## No. 6 S.D. Approves Amendment

The St. Albert Separate School Board approved a recommendation from Superintendent Elmer Gish regarding admission of children to Grade 1 who are younger than the present policy calls for . . . six years of age as of February 28 of the following year.

In his talk to his recommendation, Mr. Gish pointed out that this issue dealing with admission of beginners often causes disappointment to both students and parents, especially for students whose birthdate falls short by a day or so of the prescribed deadline. Mr. Gish concluded his submission by urging the Board to adopt the following recommendation:

"The Board should normally follow the policy of admitting to Grade 1 only those children who are recognized for grants by the Department of Education. However, the Board may, at its discretion, admit younger children who are demonstrably ready for school."

Discussion on the recommendation brought about a number of reactions from the trustees. Don Munro was quick to express his opinion

to the effect: "When a child is ready for school, regardless of government grant policies, the child should be admitted. Money should not be the criteria upon which a school system should base the admittance of beginners."

Trustee Munro was critical of government grant policies in reference to which he said, "our government claims to be concerned with early childhood education yet will not pay us the education grant for students who fall short of the age limit set on beginners. Their (the government) concern appears to me as being plain and simple tokenism," Mr. Munro concluded.

Trustee Dr. Cuts disagreed with the recommendation because he feels a change in policy now will show favoritism. "If we change the policy at this stage," Dr. Cuts said, "we're leaving ourselves wide open to criticism. I feel we should have changed this policy . . . if we're going to do so . . . earlier in the year, advertise the change in order that all our citizens may get a chance to have their youngster ad-

mitted under the new proposed policy."

Assistant Superintendent Mrs. Martin expressed her views on the early admission of students policy when asked to do so by Chairman of the Board Charlie Schroder. Mrs. Martin said there could be dangers in withholding a student from entering school when he or she is ready. Mrs. Martin expressed concern in this regard where admissions are based on student grants and not on the readiness of the youngster.

"You have made exceptions in the past," Mrs. Martin reminded the chairman, "and in view of these, we have not been deluged with early admission applications." Mrs. Martin concluded by saying that students are admitted to Grade 1 following an orientation session held during the latter part of June every year. Trustee Bill Webber asked Mrs. Martin what happens to the student who does not go through referral for Grade 1 admittance via the orientation classes? Mrs. Martin replied that in that case students can be recommended for admittance by the kindergarten teacher or through the child guidance clinic.

Chairman Schroder said "I'm in favor of changing the policy as recommended by the superintendent. Will someone make a motion." Immediately Trustee Munro made the motion and before the vote was taken, Trustee Cuts voiced out: "We're not playing fair."

The question was called and the vote came out 3-1 in favor of amending the policy. Trustee Dr. Cuts voted against.

St. Albert Librarian Don Mills became the villain at last Saturday's Summer Reading Club party where about 200 youngsters participated in the wind-up gala. Don is seen getting a creamy, gooey pie in the face, much to the delight of his young audience.

## Public School Accepts Child Centre Agreement

The St. Albert Public School Board has signed a one-year agreement with the Child Development Centre in Edmonton after negotiations have been going on for several months. The 12-clause agreement becomes effective September 1, 1973 and covers a period up to and including August 31, 1974.

The agreement ensures St. Albert Public School District of a wide range of professional services which will be provided by the Child Development Centre, a newly-established facility located on the University of Alberta Campus. The Centre has been especially designed and staffed with professional personnel, qualified to deal with children who have learning difficulties.

Among the many areas the Child Development Centre will function in relation to children with learning difficulties include: Evaluation of children; remediation and programming following evaluation; consulting services as well as additional optional services. In order to familiarize teachers with students who have learning difficulties and relate to them more effectively in conjunction with the services offered by the Child Development Centre, a two

week course was recently held at Grant MacEwan Community College. Of the 40 teachers, counsellors and parents attending the course five came from St. Albert Public School District.

The St. Albert Public School System is the first school district to successfully negotiate an agreement with the newly-formed Child Development Centre and is expected to be used as a format for other agreements being considered by other school systems in Alberta.

## Motor boat ban at Elk Island

Elk Island National Park (August 23, 1973) -- "Birds Only" will be the rule once again on Astotin Lake when power boats give way to the annual waterfowl migration as of the day after Labour Day, Park Superintendent Harley Webb said today.

Large flocks of many waterfowl species use the park's lakes for resting and feeding during the autumn migration, he said, so the power boats are banned to avoid disturbing them.

"The birds are experiencing increasing difficulty in finding quiet places to stop over elsewhere during their flights," he added.

Astotin Lake is the only body of water in the park where power boats are normally permitted to operate during the summer.

## Warren Captures Trophy For Men's Singles Final

St. Albert Tennis Club members enjoyed the fine weather over the past weekend while taking part in the final club tournament for the 1973 season.

A total of 24 members participated in the two-day tourney and competition was keen in all events.

Clark Warren emerged as the big winner as he captured the club trophy for the mens singles championship, teamed up with Fred Rudolph to win the men's doubles and the Bruin Inn Trophy and then with partner Judy Wood, won the Mayor's Cup, emblematic of the club mixed doubles championship.

Betty Ontkian and Judy Wood were two-time winners as Betty won the ladies singles and the Scotia Bank trophy and then teamed up with Judy to capture the ladies doubles and the Imperial Lumber trophy.

In the men's singles final Clark defeated Al Hoge in straight sets 6-3, 6-2. In ladies singles Betty won over Cynthia Sage 6-3, 6-2 and in ladies doubles Betty and Judy won the final set of the double elimination

competition 9-8 over Cynthia Sage and Shannon Foran. In men's doubles Clark and Fred defeated Al Hoge and Roman Mureika 9-5 in the double elimination event and in the mixed competition Judy and Clark won over Cynthia Sage and Roman Mureika 6-4, 7-6.

In the ladies singles consolation event, Angela Miller defeated Joan Green 9-7 while in the men's singles consolation, Phil Kemp, a very promising junior, defeated Dave Hansen, 9-5. In the mixed doubles consolation, Angela Miller and Lorne Wood defeated Beryl Harding and Joe Selann 9-2.

In other tennis club activities, Al Hoge junior co-ordinator, hopes to run off a junior competition over the long weekend so any interested junior members should call Al at 454-4168 before Friday.

The final social function for adult members will be held on Friday, Sept. 14 and more information may be obtained by calling Cynthia Sage at 459-7642 or Lorne Wood at 459-8696. Several junior club mem-

bers showed very well in the recently held Garneau Invitational tournament. Cassy Kemp won the 14 and under girls singles, Phil Kemp reached the finals in the under 16 and under 18 boys singles, and Steven Kirk lost out in the finals of the under 12 boys singles but teamed up with Gary Winter of the Royal Glenora club to capture the under 12 boys doubles.

The St. Albert 'A' Inter-club team were narrowly defeated in the city final by 5-3 at Garneau last week thus losing the two game home and home series 9-7. The team is to be congratulated on its fine showing, however. (A team members throughout the season were Dave Kirk, Roman Mureika, Fred Rudolph and Clark Warren; Shannon Foran, Betty Ontkian, Cynthia Sage and Judy Wood).

One telephone lineman to another on top of a high pole overlooking the roof of an apartment where a dozen girls lay sunbathing: "This view is one fringe benefit the union didn't get for us."

Clark Warren, St. Albert Tennis Club champion, left, Judy Wood, Betty Ontkian, and Fred Rudolph display the trophies they won in the annual club tournament.

## St. Albert Sailfish Complete Active Year

By John Graves

Suddenly the summer is over, at least it is for the St. Albert Sailfish Swim Club who took part in their last meet of 1973, the Provincial Championships held in Edmonton on Saturday, August 25.

In these championships, there were 40 clubs competing from as far north as Peace River, south to Lethbridge and Medicine Hat, east to Lloydminster and west to Hinton. It was therefore a notable achievement that the St. Albert club had participants in 32 individual events and 16 relays. Indeed, St. Albert swimmers were a great factor in the

victory for the North Central Region over the other three regions competing.

Although it is hard to single out anyone individual for praise, it would be remiss if mention was not made of some of the star performers.

Perhaps the most deserving swimmer was young Cameron White competing in his first full season and placing first in the boys 8 and under breast stroke event, second in the backstroke event, and third in the freestyle and individual medley.

Dennis Savole won the girls 11 and 12 breast stroke event and other placings

were: Richard Fowler, second in the boys 13 and 14 butterfly, Gerta Grieves, second in the girls 8 and under backstroke, Tim McGee - boys senior breast stroke and Sue Grieves, second in the girls senior breast stroke. Susan Otto placed fourth in the girls 8 and 11 freestyle. Don England placed third in the boys 15 - 16 freestyle. Three of the St. Albert relay teams also achieved first place position.

In all, a successful season and one that shows we have young swimmers good enough to ensure that the club can look forward to 1974 with confidence.

## Bruin Inn Cycle Club Poised

The St. Albert Bruin Inn C.C. has been promoting a series of six 20 mile bicycle races on a one mile circuit opposite Dunvegan Yards on the St. Albert Trail.

There are six races in the series and the final event will take place at 7 p.m. on Thursday, Sept. 6.

Riders compete in one of two categories for the Purple Dude trophies. Experienced bicycle racers are in one group and novices in the other, thus giving the younger riders a chance to win.

These races have been very well supported, a total of 20 riders having entered one or more of the events. The top points standings with two races to go are:

SENIOR - 1. Peter McCaffery, Bruin Inn - 30 pts. 2. Paul Macdonald, Georges, 24 pts. 3. Sandy Harris, Alberta Cycle, 21 pts.

NOVICE - 1. Ron Moore, Bruin Inn, 46 pts. 2. Shane Frahm, Alberta Cycle, 42 pts. 3. Gary Harris, Bruin Inn, 36 pts.

## Youth Bowling

A youth bowling program has again been arranged at Grandin Bowl and league play gets underway September 8th. Last year the young bowlers had a particularly successful season, bringing home a number of championships. The assistance of interested parents has helped the program each year and any moms and dads who would like to lend a hand will be appreciated.

# Chiefs Take Money In Grove Tourney With 4 Straight Wins

Calahoo Chiefs won their first tournament of the year taking the 16-team Spruce Grove fastball event. The win was worth \$150. Chiefs won all four games for A division while Spruce Grove Panthers won the B section.

Chiefs first game saw them fall behind 3-0 in the first inning but those were the only runs Edmonton Fire

Department could score. Calahoo tied the score in the fourth on consecutive doubles by Ed Kachowski, Glen Wolters and Curly Schneider. Erwin Rothweiler, Jim Armour and Emile Berube followed with singles. Chiefs final two runs came in the sixth when pinch-hitter Larry Mitchell drove in Roger Berube with a

double, and then scored on Armour's single. Ed Kachowski was the winning pitcher.

Calahoo's second win was a 7-2 victory over Monarch Auto Body. Chiefs scored all the runs they needed in three innings. Lead-off batter Emile Berube got a single, moving to third on Wilf Berube's double. Both came home on a triply by Larry Mitchell who then scored on a single by winning pitcher Vaughn Hutchison. Calahoo scored a pair of runs in the fifth and seventh innings, their last two coming on Roger Berube's homerun. Monarchs scored their runs in the sixth inning.

In their third game Calahoo took a 7-1 win over old rivals Stony Plain Playboys, when Artie Stevenson pitched an almost perfect

game. Chiefs scored all the runs they needed in the first inning when Emile Berube led off with a single and scored on Larry Mitchell's double off the left field fence. Mitchell then scored on a deep fly ball by Ron Mudryk. Calahoo added three more in the third on Emile Berube's walk, Mitchell's single and Mudryk's double. Mudryk then scored on an infield hit by Ed Kachowski.

Playboys scored their only run of the game on a homerun by Murray Kulack. Chiefs final two runs came on a double by Mudryk scoring Emile Berube and Larry Mitchell who had both hit safely. Winning pitcher Artie Stevenson allowed only three hits while striking out 10 Stony batters.

Gerald McGinn took the loss although he did a res-

pectable job considering he shouldn't even have been playing. His right elbow had a lump on it the size of a baseball bat as he was the only pitcher he had to play. This kind of determination was no doubt the reason Stony Plain won the Sturgeon Valley championships this season.

The final game for the A division title, versus Western Movers, was a most exciting one. For the first three innings both clubs had trouble hitting. Neither got a base hit. Western Movers scored first in the fourth on a Calahoo error, with a base hit and a sacrifice fly.

The Chiefs opened the fourth with Emile Berube striking out. Larry Mitchell then smashed a line drive back to the pitcher that he

bobbled and his throw was not in time to first. On the next two pitches Mitchell stole second and third. Ron Mudryk struck out for two away. The first pitch to Ron Panchyshyn was a strike and on the throw back to the pitcher, Mitchell broke for home. The pitcher's throw to the catcher was not in time and Mitchell slid in with the tying run. Movers threatened in the fifth with the bases loaded and two out. Panchyshyn was relieved by Artie Stevenson and a pop fly to Wilf Berube retired the side.

Chiefs Roger Berube led off the fifth with a single and advanced to second on a sacrifice bunt by Wilf Berube. Stub Berube's single into centre field scored Roger to give Calahoo a 2-1 lead.

Larry Mitchell led off the sixth with a double off left field fence, moved to third on a passed ball and scored on a sacrifice fly by Ed Kachowski. Roger Berube walked with two out and scored all the way from first on a Movers infield error.

Going into the final inning Calahoo had a 4-1 lead but with one away Bob Blake walked and scored on a home run by Larry Kostik, reducing the lead to 4-3.

Stevenson got the second out on a fly ball to Stub Berube in short left field. Movers clean-up batter Oliver Morris then grounded out to Mitchell at second and gave Calahoo a thrilling 4-3 win.

Spruce Grove Panthers won the B final with a win over Stony Plain Kings.

## Ali - Norton Fight Goes Sept. 10th

On September 10, 1973, Muhammad Ali, former heavyweight boxing champion of the world, faces his toughest fight since he met Joe Frazier for the title, two and one half years ago. Ali will pit his speed and finesse in a rematch against Ken Norton of San Diego, a virtually unknown sparring partner of Frazier's until last March 30, when Norton defeated Ali in 12 rounds in that shattering upset. Ali's jaw and his pride were fractured by Ken Norton's powerful right hand.

The Edmonton Oil Kings hockey club are proud to be presenting this most exciting and crucial fight for Ali since the "Fight of the Century" between Ali and Frazier, and it will be shown live and direct on Closed Circuit TV from the Forum in Los Angeles. An excellent pre-flight show begins at 7:30 p.m. and the main event is scheduled to start at approximately 8:30 p.m.

## Willow Beach attracts local vacationers

During this past summer a large number of Calahoo and St. Albert residents spent their vacation in the Southern part of British Columbia. The place everyone headed for was beautiful Willow Beach, owned and operated by Pearl and Pee-Wee Quintal, longtime residents of Calahoo.

The 150 stall campsite and trailer park is located on the north end of Lake Osoyoos, six miles north of the American border.

The busy spot is managed by Abe and Anna Penner, formerly of St. Albert.

Facilities include a num-

ber of completely serviced trailer stalls, two large clean washrooms with hot and cold water, and a store for camping needs. Abe also maintains three motor boats, with water skiing equipment as well as canoes, row boats and paddle boards for the kids. There is a roped off area for swimmers, and a dock for boaters.

Weather conditions this past summer were excellent with no rain and day time temperatures between 85 and 110, cooling off in the evening.

Willow Beach on Lake Osoyoos where a large number of town and district people spent some vacation time this summer, and visited new owners Pearl and Pee Wee Quintal.

Willow Beachcombers beat Oroville, Washington 3 - 2 in an exhibition contest this summer. Left to right, top row - Gordie Grant, Bob Generoux, Ticker Quintal, Mike McGeough, Pee Wee Quintal, Speed Dawson. Bottom row - Jim Milne, Rick Milne, Rolly Majeau, Jerry Fisher, Mike Mitchell and Larry Mitchell.

## Barrhead To Host Midget Finals

Barrhead will be the site of Alberta's only National baseball championships in 1973 on the Labour Day weekend.

Festivities will begin Friday, August 31, at 6 a.m. with a cavalcade of all teams followed by a jackpot rodeo at 7:30 p.m.

Official opening ceremonies will be held September 1 at 9 a.m. with Dr. Hugh Horner, Deputy Premier of Alberta, Dan Hollands, Member of Parliament for Pembina, Ron Hayter, Canadian Federation of Amateur Baseball, Walter Clelland, President of Alberta Baseball Association, Spiro Annis, Secretary of CFAB and Ontario Baseball Association, and various other dignitaries attending. Banquets for teams and officials on September 1 and 2 will be sponsored by the Town of Barrhead and the Province of Alberta.

Alberta will be represented by Medicine Hat Kinsmen Jets, provincial champions and by the host

club, Barrhead Blazers. The Barrhead club will be strengthened with players from Northern Alberta and the Edmonton Kennilworth Midgets. Both the Cardale, Manitoba and Melville, Saskatchewan teams were involved in the 1971 championships in the bantam category held in Westlock. The nucleus of both bantam champions are now in the midget competition. Closing ceremonies and presentations will be September 3 at 5:30 p.m. The tournament draw is as follows: SERIES "A" - SATURDAY 10:00 A.M. - Barrhead vs Moncton (N.B.) Cubs, second diamond.

12:30 P.M. -- Moncton Cubs vs Niagara Falls (Ont) Lions, main diamond.

5:30 P.M. - Niagara Falls Lions vs Barrhead, main diamond.

SERIES "A" - SUNDAY 10:00 A.M. - Barrhead vs Niagara Falls Lions, main diamond.

12:30 P.M. -- Niagara Falls Lions vs Moncton Cubs

second diamond.

5:30 P.M. - Moncton Cubs vs Barrhead, main diamond. SERIES "B" -- SATURDAY (4 Team Single Round Robin) 10 A.M. - Victoria (B.C.) vs Cardale (Man.), main diamond.

12:30 P.M. -- Melville (Sask.) Elks vs Victoria, second diamond.

3 P.M. - Medicine Hat (Kinsmen) Jets vs Melville Elks, main diamond.

SERIES "B" -- SUNDAY 10 A.M. - Cardale vs Medicine Hat Kinsmen Jets, second diamond.

12:30 P.M. - Melville Elks vs Cardale, main diamond.

3 P.M. - Victoria vs Medicine Hat Kinsmen Jets, main diamond.

SEMI FINALS AND FINALS MONDAY, SEPTEMBER 3

10 A.M. - Winner of "A" vs Runner-up in "B".

12:30 P.M. - Winner of "B" vs Runner-up in "A"

3:30 P.M. - Final.

Sign at power substation entrance: "Do not enter, 5,000 volts, means instant death. Violators will be prosecuted."

## Oilers May Affiliate With Salem Team

Vice-president and General Manager, Bill Hunter of the Edmonton Oilers, in a long distance telephone conference call August 22 from Winston Salem, North Carolina, announced that the Edmonton Oilers would likely be affiliating with the Winston Salem Polar Twins of the Southern Hockey League. Bill Hunter stated -- "I have met with the owners and principles involved with the Winston Salem Polar Twins and I am very impressed, not only with the ownership, but also with the City of Winston Salem, North Carolina." He further stated that the 6,000 plus seat Coliseum is an impressive building and the Polar Twins would certainly be the number one affiliate farm team of the Edmonton Oilers in the World Hockey Association.

Many other WHA teams are affiliating with teams in the new Southern Hockey League. Other cities in the league are Roanoke Valley, Virginia (Vancouver Blazers); Greenboro, North Carolina (Los Angeles Sharks);

Charlotte, North Carolina (Toronto Toros); Macon, Georgia (Cleveland Crusaders and Houston Aeros); and St. Petersburg, Florida (New England Whalers and Minnesota Fighting Saints).

Bill Hunter was confi-

dent that a suitable agreement would be reached with the principles of the Winston Salem entry and that the Edmonton Oilers would enjoy one of the finest development teams in World hockey.

## City Cyclist Wins

Recently, members of the St. Albert Bruin Inn Cycling Club rode in the Georges Cycle Road Race on the Edmonton Beach circuit. This race is held on a 20 mile course starting at the Edmonton Beach turn-off on Highway 16 west and proceeding along the old highway for 10 miles, to return to the start on Highway 16.

In the (80 mile, four lap) senior race, John Bryan of Georges Cycle team, along with team-mate Paul Macdonald and St. Albert's Peter McCaffery, broke away from the main bunch of riders at the end of the first lap. By the 50 mile point the trio had over five minutes lead on the rest of the riders.

Then at 58 miles, John Bryan made his bid for victory and sprinted away on Observatory Hill. A very tired Paul Macdonald was soon way behind, but Peter McCaffery of the Bruins hung on gamely and, with 70 of the 80 miles covered, was only 25 seconds down.

But Bryan forged ahead in the last 10 miles to win the race comfortably in three hours 29' 35". McCaffery was second, six min. down and Paul Macdonald of Georges Cycle was third, another 15 min. down.

Other results were as follows: Junior event - 40 miles was won by Rudl Ongaro of Alberta Cycle.

# Councillors Concerns Reflected In Discussions

Mayor Ray Gibbon opened the new business portion of council meeting Monday night by saying he had received two calls over the weekend re-speeding. "I feel we need a second radar set and have spoken to S/Sgt. Clark of the RCMP who thought it a good idea," he said. He mentioned Grosvenor Boulevard, Grandin and Levesseur Roads and McKenny Avenue coming up as particular problems and moved that committee recommend to council that a second radar outfit be purchased. Coun. Bakker's motion that the matter be referred to the Police Commission carried 5-0 (Couns. Fyfe and Hudson were absent). The mayor also moved that a feasibility study be undertaken on installing a loudspeaking system in the Clubhouse, which could be moved to the new town hall premises. It is expected council meetings will be in the Clubhouse at least a year, he noted. Motion carried 5-0.

His third item concerned the Calgary Power Hearings this fall and he recommended that council hire a consultant. Coun. Luky's motion to recommend this action to council carried unanimously.

Finally the mayor wanted to know "when are we going to make a decision on downtown parking?" It is becoming more and more congested and minor accidents are fairly frequent he said. "Some day we will have a dilly," Coun. Bakker mentioned the parallel parking bylaw and the mayor noted that "we keep deferring it" and moved the bylaw be re-submitted to council. Coun. Luky felt council had a responsibility to provide parking accommodation but Coun. Bakker said the shopping centre must provide it. The mayor felt that if the business people kept their vehicles off the street, the parallel parking would not create that much hardship. His motion carried 5-0.

Councillor Thronsdon was concerned with the lack of trailer-camping sites in St. Albert, saying he had done a great deal of camping in Alberta and in the States, and always takes opportunities to invite people here. He recommended that a McDonald Drive site or any others be investigated. Mayor or Gibbon, while agreeing on the need for such a site, did not want to step on the toes of the Super Lions who were planning such an area. "Neither do I said Coun. Thronsdon and I have contacted some of the Lions, but still I would like a feasibility study done on such sites. The recommendation carried unanimously.

Councillor Thronsdon also wanted the signs on local parks updated and enquired what program parks dept. had going. Mr. Beidle replied that "we have removed all the rabbits" and during the winter more explicit signs will be built. Couns. Thronsdon's next enquiry concerned an "interesting eyesore" in Fountain Park, known as "Beidle's Mountain." Mr. Beidle said the area was to have been upgraded and grassed between May and October but it will depend somewhat on some recent developer correspondence. "Then could I ask when the mountain will become a thing of beauty?" said Couns. Thronsdon, and

was told - by next year. His next question was "What is happening in the Gateway area where the skating rink is going up? Mr. Beidle said tenders were called last week for landscaping which should be completed this year except for tree planting. On other park development Mr. Beidle said Langley Park is being grassed but equipment, backstops, tot lot etc. is to be built during the winter to install in spring when the grass is well established. In reply to his final question on McKenny Avenue, Coun. Thronsdon was told by Coun. Bakker that an effort is being made by the developer to get something usable this winter.

Couns. de Bruijn was upset by the broken window in the clubhouse - a poor advertisement for the municipality. He suggested that perhaps a glass with wire might be used. Mr. Beidle observed that "we have used four of these so far on the front door," and also that the window bill for the building this spring was \$600. Coun. Luky moved to investigate replacing the window with a repellent glass, which is expensive, but the building he thought is now worth \$40,000 or more. The recommendation carried 5-0.

Couns. de Bruijn asked that staff circulate to council all the prerequisites and what is required for a L.I.P. grant. "Since Federal Minister Andras has some \$80 million to spread around, we could come up with some good ideas," he observed.

Some interesting items brought up by Councillors Bakker and Luky will be reported on next week.

Nine generous and enterprising youngsters held a Penny Carnival August 20 at 42 Swallow Crescent to raise funds for their little friends who are patients in the Sturgeon General Hospital. The boys and girls shown above raised \$21.67 with which they bought a Go-Go Tractor plus three story books. Left to right: Terri Bulley, Terena Thronsdon, Kellie Rose, Cathy Thronsdon, Donna Burrell, Shawna Thronsdon, Gary Rose, Laine and Patricia Pickle. The happy little guy riding the new Go-Go Tractor and tooting the horn is four year old Rene Meunier of Morinville.

## RECREATION HIGHLIGHTS

### JOINT USE AGREEMENT

Officials of organizations wishing to apply for accommodation under the terms of the Joint Use Agreement are urged to do so as soon as possible. If application has not yet been made, Application forms are available at the office of the Recreation Department in the Town Hall.

### SWIMMING:

Public swimming sessions are now restricted to the late afternoon and evening as the schools have the use of the pool during school hours.

On Monday, Sept. 4 there will be public swimming from 10 a.m. - 12 noon, from 1 - 6 p.m. and from 7 - 9 p.m., family swimming from 6 - 7 p.m. and teen swimming from 9 - 10 p.m. From Sept. 5 the schedule will be the same as announced in the Gazette last week and as posted at the pool. Note that there will be family swimming each weekday evening from 6 - 7 p.m. and that the early morning swim has been cancelled because of low attendance.

During the summer the following were successful in passing the Bronze Medal award: Jenny Bakker, James Vandergrawe, Bellinda Moore, Lisa Stiefel, Edna de Champlain, Barb Medland, Joan Powers, Donna Mae Sanders, David Cooper, Joanne McDonald, Shawn Nuttal, Teresa Bissonnette, Susan Jewitt, Ron Lastvika and Janet Kay. Debbie Pacha, Don Croft, Tim Magee

### and Linda Garvin obtained

bars to their Bronze Medallions.

### TABLE TENNIS:

Ed McKinley at 459-4607 will be very pleased to hear from anyone interested in getting a table tennis club going.

### SOCCER:

Local league soccer is due to start after the Labour Day weekend. During the weekend two teams from St. Albert will be playing in the

Calgary Invitational Trophy: Herman Kochan's Atoms and John Alliston's Peewees. Apart from the members of the teams, approximately 50 adults will be travelling to Calgary by car to coach, to watch the game and to cheer our local boys.

### ARTS & CRAFTS:

The varied program being offered by the St. Albert Arts and Crafts Guild from the beginning of October will be advertised next week.

## Dery - Dolhageray Wedding

Father Ron Polier conducted the wedding service uniting Barbara Alice Dolhageray, daughter of Ted and Kay Dolhageray of St. Albert and Bernard Robert Dery, son of Mr. and Mrs. Frank Dery of Penitence. The double ring ceremony took place in St. Albert Roman Catholic Church on July 14. Bertha Kennedy played the wedding music, including the theme from Romeo and Juliet, and soloist Gary Waunch sang "Hawaiian Wedding Song" during the signing of the register.

Coming down the aisle with her father and mother, the bride was lovely in a long gown of white sheer nylon, featuring full train of tiered chantilly lace and cathedral veil. A flowered headpiece held her lace mantilla and she carried a bouquet of red sweetheart roses.

The bridal attendants, Linda Waunch, Sharon Labonte and Cathy Van Oene, wore long gowns of mauve flowered organza over nylon, with matching floppy hats. They carried baskets of shasta daisies in shades of mauve, blue and yellow.

The groom was attended by Ron Jacobi, Bill Labonte and Gordon Van Oene.

Following the ceremony a lawn party was held at the bride's home on Seabrook Crescent and later a reception for 200 guests was held at the Purple Dome, where Doug Gullison was master of ceremonies. Mr. Austin Bradley proposed a toast to the bride.

To receive her guests the bride's mother chose a floor length gown of pink polyester crepe with white accessories. Mrs. Dery wore a long gown of blue crepe with white accessories.

MR. & MRS. BERNARD DERY

Out of town guests were from Penitence, North West Territories, Saskatchewan and Ontario.

After a honeymoon to the mountains and other points in B.C., the couple took up residence in Edmonton.

## Second Look - ten weeks

Second Look is coming to St. Albert and registration forms are now available for interested women. Please call Department of Extension, University of Alberta at 432-3116.

The course will be held on Monday evenings, from 7:30 - 9:30 p.m., at the St. Albert Library, starting October 1, 1973 and going through to December 17, 1973, under instructor -- Mr. Craig Spencer.

Second Look is a pro-

gram for women who are contemplating furthering their education, changing their role in life through voluntary work, or resuming a career. The emphasis will be on self-understanding and the realization of one's creative potential as a person. Participants will be provided with personal ability and interest tests and will have opportunities in group settings to discuss and examine their goals, skills, and abilities as well as the possibilities for their use in the community.

It only takes 26 women

## Recreation Vehicle Facility To Open

Residents of this area will be happy to learn that a recreational vehicle storage, repair and servicing facility will soon be in full operation at Carbondale.

Ted Suranyi of RR 2, St. Albert has called his vehicle storage and service facility T & D Storage and is located 1 1/2 miles west of Highway 28. Customers interested in talking things over with Ted and have a look at his recreation vehicle storage facilities must drive seven miles north on Highway 28 and turn left immediately after crossing the Sturgeon River.

Ted Suranyi, who has been employed in an Edmonton automotive shop for 15 years purchased land in Carbondale about eight years ago and moved onto his property. Now, Mr. and Mrs. Suranyi will operate this new venture together and Mr. Suranyi will also do automotive tune-ups in a modern shop he is presently building.

"I've worked for others for a long time," Mr. Suranyi said, "and now I'm anxious to go into business for myself." He expressed confidence in the urgent need of a recreation vehicle storage facility in that area, also feels he will be able to cater to Edmonton City sportsmen who have no place to store their snowmobile, motorcycle, boat, canoe, race cars or whatever.

"We're not only offering storage facilities but also service and repairs if the customer so wishes," Mr. Suranyi said.

Mr. Suranyi is presently building a service centre measuring 42 ft. x 30 ft. in which he will have a host, a service pit, modern tune-up scope plus welding equipment. He explained he will be able to cope with any type

of tune-up service, welding, and general repairs to any machine brought to him.

Regarding the recreation vehicle storage park, Mr. Suranyi explained he has a five-acre plot completely fenced off and also said the storage park is going to be under constant supervision to ensure customers that their vehicles stored there will be safe.

Mr. and Mrs. Suranyi have three sons, age 6, 7 and 9 years of age.

One winter morning Suranyi heard his neighbor talking unsuccessfully to his car. He went outside and asked: "Did you try to start it?"

"No," she replied, "but my teeth, 'but I can't bite like it."

## Around Town

As a footnote to the account of the visit of the touring Irish field hockey team, we have to report that Betty McKendry learned from a member of the team that her niece was being married shortly (it was news to Betty) and Renee Laird discovered that her brother in Lawe had inducted another member prior to her visit to Canada, and that yet another Irish player had been taught phys. ed. by a friend of Renee's in Lurgan. It is indeed a small world.

Ellen Fleming of Gresham Boulevard was disappointed that she couldn't find anyone on the team who came from Carrikerfergus. She was also disappointed that she was out when someone who DID come from Carrikerfergus phoned her a few weeks ago when her sisters were here on a visit. She'd be very happy if the caller would call again.

Mr. Peter Elliott of the A.L.C.B. telephoned Editor Ernie Jamison this week to advise that when the new liquor store is opened in Grandin Shoppers Park on Friday the double shift store will have new hours: 10:30 a.m. to 11:30 p.m. which should take care of just about everything, except when your old army buddy, whom you haven't seen for 20 years, arrives unexpectedly on a Sunday afternoon.

By the time the St. Albert Curling Rink opens in October the club will be offering more posh surroundings. The road out front is presently being graded in advance of paving and inside the Ladies Club are having wall to wall carpet installed on the main floor. Meanwhile Manager Art McCormack is busy making the numerous preparations necessary to launch the new season.

SERVICE. PH. 453-2456

Local members of the Officers' Wives Club of CFB Edmonton are reminded of the "Meet and Greet" wine and cheese party being held September 6. Reservations are not required.

David Hancock, son of Mr. and Mrs. Hancock, 29 Gilmore Crescent, travelled to Winnipeg recently as a member of the Edmonton Selects Soccer team to participate in a week-long International Youth Tournament. The tournament involved teams from Manitoba, Minnesota and a crack Sheffield school team from England. The Edmonton team for which David was selected was the only team from Alberta and it was coached by Mr. Peter Usher technical director for the Edmonton Metropolitan Youth Soccer Association. Mr. Usher said that David proved to be a very valuable member of the team. He happened to kick the last of the 30 goals the team scored in the six games they played and - to quote Mr. Usher - it was a "beautiful" goal. Before he was the age to play, David was fascinated with a soccer ball and was a team follower till he was old enough to join the Hercules Sports Association with whom he has had time with whom he has played.

The little girl who used to grasp a penny and press her nose against the glass in a candy counter has grown up and is now seen at the meat counter with the same look on her face as she clutches a \$10 bill.

There's no honesty these days. My maid ran off with three of my best dresses - the lovely ones I smuggled through customs after my trip to Paris.

Patient: "Doctor, was my operation a success?"  
Voice: "I'm sorry, but I have no way of knowing. I'm not your doctor: I'm St. Peter."

Son: "Dad, how do you think those rock groups can afford all those expensive instruments?"

Dad: "No problem at all. Look - all the money they save on music lessons."

A well-driven golf ball, they say, leaves the club head at a speed of 135 miles an hour. This is almost as fast as a golfer leaves the office for an afternoon four some.

ed ever since. Mr. Lloyd Hopkins and Mr. John Allison, two St. Albert soccer stalwarts also travelled to Winnipeg for the tournament.

Leo Alain, manager of the St. Albert Savings and Credit Union is very pleased with progress the new building is making. He said plans are being made at present for a gala grande opening celebration in the new quarters in mid-October and according to B. J. Graham, general contractor, the new banking facility will be completed and ready for occupancy as scheduled. When asked if the present rail strike crippling Canada has had adverse effects on the supply of materials and equipment for the Credit Union, Mr. Alain said not so far as we can tell at the moment. However, he did admit that the vault's main door, supplied by an Eastern Canadian firm is presently in transit and somewhere between St. Albert and Toronto, sitting idle in a box car waiting for trains to start rolling again. "I hope the strike will be settled way before our opening date," Mr. Alain said.

The St. Albert Breakfast Lions have already made a good start on their annual calendar fund-raising project. Chairman of the ways and means committee, past president Stan Shottland reported that this year the Lions will not produce a wall type calendar as in the past. Instead a pocket-sized calendar, information booklet and memo pad combination will be produced of a minimum quantity of 4,000 copies. Advertisers will be getting 50 personalized copies of the pocket-calendar as a premium and part of their advertising deal. The premium copies will feature on the back cover "Compliments of - - -" Additional orders of 50 calendars will go at a flat price. Residents as well as all persons interested in participating in this Lion project must get in touch with

Breakfast Lion members before the September 15 deadline.

St. Albert's Fire Chief, Fred Tetarenko and wife Rosaline will be leaving for Europe September 4 on a three week holiday trip. Flying via the Polar Route the Tetarenko couple will make their first stop in Amsterdam then travel through most of Western Europe before going over to the British Isles. In Britain, the visit to Stornoway on the Isle of Lewis will be an especially meaningful experience for Fred and Rosaline because

they will be making the acquaintance of an uncle neither has ever met. Rosaline's mother came to Canada at the age of 19, married a Mr. Atkinson and her daughter Rosaline later married Mr. Tetarenko. Throughout all these years Rosaline's uncle, Hugh Stewart of Stornoway had a faint recollection of his sister but never met his niece - - - and now he will. The Tetarenkos have been looking forward to this visit to Continental Europe and the British Isles for many years and starting September 4th, their life-long dream will have come true.

## Dear John...

## a belated thanks.

It was your dream to see a Canada united from ocean to ocean. When you signed this charter you sent us the North West Mounted Police to help make that dream come true. They became the Royal Canadian Mounted Police. We became a province. Together we've grown up. This year we're celebrating their formation as a force. Next year, we celebrate the anniversary of their arrival in Alberta. Through every inch of the colourful tapestry of Alberta's history runs the scarlet thread of the Royal Canadian Mounted Police. So thanks, John. Your dream means that next year we can celebrate, not just the pride of Alberta, but the pride of Canada.

ALBERTA-R.C.M.P. CENTURY CELEBRATIONS COMMITTEE.

## No. 6 School Bus Plan Geared To Meet Demand

Trustee Bill Webber asked if the St. Albert Separate School Board has received public reaction in regard to busing policies established at the last meeting held June 27th. Secretary-treasurer George Hargreaves replied that he had received no reaction and Superintendent of Schools Elmer Gish also said that his office had not been contacted regarding the forthcoming year's busing schedule.

Busing policies approved at the June meeting included the rejection of a request for a bus to transport students attending the W. P. Wagner School. Parents of the students concerned were contacted in this regard.

Another area concerning school buses was the renewal of a contract with K. Agrey for the transportation of stu-

dents to the L. Y. Cairns and Windsor Park schools. The motion to accept the contract was carried.

The other bus question dealt with and approved, concerned the start of transportation of students attending the elementary grades and living 3/4 mile or more from the school they attend. Also that five school buses be the limit used for the transportation of students within the Separate System and the school superintendent was given the authority to stagger school hours if necessary to maintain this limit. It was on this motion that Superintendent Elmer Gish reported no immediate need to juggle school hours until schools open and his office has had a chance to see how the policy works out.

Colleen Hughes, 41 Grosvenor Blvd. won third place prize in the popo stick endurance competition at Northgate Shopping Centre on Saturday, August 25. To qualify for the finals Colleen bounced for 20 minutes, and in the finals did 10 minutes then five minutes one hand, then one hand and one foot. Her prize was a wrist watch courtesy of Woodwards.

## Father Carter Dies

Archbishop Anthony Jordan, OMI, said funeral mass on August 23 for Father John William Carter who served the St. Peter's parish in Villeneuve for 18 years of his 53 years in the priesthood. Among the celebrants were two priests from Newfoundland, Msgr. Gerald Hull of Cornerbrook and Msgr. David Morrissey of St. John's - Father P. J. O'Reilly gave the homily for the service in St. Joseph's Cathedral and burial was in Holy Cross Cemetery.

Father Carter was a resident at Yvonne Home at the time of his passing on August 19 at the age of 83. Prayer services were held in Villeneuve on August 21, conducted by Father Albert Laisne of St. Plux Church. John Carter was born at St. John's NFED on January 31, 1890 and attended the Christian Brothers school there. At the age of 19 he began study for the priesthood at the College of the

Father Carter

Propaganda FI del in Rome, where he was ordained in 1915 and received the degree of Doctor of Divinity. He also studied music in Rome and received several awards for singing.

Father Carter began his service at the cathedral in St. John's followed by postings to Bell Island, Torbay and Petty Harbor. In 1929 he came west with his father, and went first to Barrhead and later to McBride's before coming to Villeneuve where he served from 1947 to 1965. His last three years before retirement in 1968 were spent as chaplain at the Marlan Centre in Edmonton.

He was a fourth degree member of the Knights of Columbus and was noted by his many friends for his remarkable memory and recall of events, an ability he retained to the time of his death.

A nephew, Judge Francis Carter of Goderich, Ont., who attended the funeral, is Father Carter's only survivor.

One tramp to another: "There I was boss of 67 men in my department, when someone suggested it might be a good idea if I took one of those aptitude tests, too."

Summer is that time of year when the highway authorities close the regular roads and open up the dirt roads.

Teacher: "If there are any dumbbells in the room, will they please stand up." (A long pause... then a lone freshman stood up.) Teacher: "What do you consider yourself a dumbbell?" Freshman: "Well, not exactly, but I hate to see you standing all alone."

## Sep School Refused New School Permit

The No. 6 School Board was a bit miffed when the School Buildings Board refused a certificate of need for an elementary school or elementary-junior high.

Chairman Charles Schroder, and all trustees read

the letter of refusal last Wednesday at the regular meeting then asked Superintendent of Schools, Elmer Gish to comment.

Mr. Gish had to admit that the School Buildings Board was correct in its argument

that the St. Albert Separate System has not reached the required 90 per cent occupancy stage to qualify for a new school.

He said the study conducted by the School Building Board reveals the total number of classrooms presently accredited number 123 and not 121 as reported before summer renovations were done. In view of this, the System now has two additional classrooms or space for about 60 students.

"Thus," Mr. Gish said, "put us short of the 90 per cent occupancy figure." Trustee Dr. Cuis remarked, "If the government claims we have 123 classrooms, they should then pay us our grant on that figure and not on the previous figure of 121 classrooms."

Chairman Schroder made a recommendation that a meeting be scheduled with the Minister of Education, Hon. Lou Hyndman for the first week in October and discuss several points including the certificate of need.

Superintendent Elmer Gish suggested that the question of portable schools be discussed with the minister because the department says there are in short supply. "Yet, we are told there are many vacant portable schools in the province," Mr. Gish said.

## What foods are health foods?

by Candace Long, Assistant D.H.E., Morinville.

If you were to visit a health food store, you would find its shelves stocked with foods from these three classes: 1) grains and cereals with a minimum of refining; seeds and nuts; 2) "unprocessed" foods; 3) organic foods. Grains and cereals have had a minimum of Refining, Seeds and Nuts—whole wheat flour, stone ground flour, wheat germ, brown rice, millet, rye flour, soy flour, sunflower seeds, sesame seeds, peanuts, cashews.

Whole wheat and stone ground flour on this list because health food people say that white flour has "the goodness refined out of it." It is true that in the milling of white flour, the germ and bran are removed from the wheat kernel, reducing its content of thiamin, riboflavin, niacin, and iron. However, almost all white flours sold today have been enriched with these three B vitamins and iron according to standards set by the Food and Drug Regulations. In addition, the milling and processing of flour increases its shelf life by eliminating the possibility of rancidity and infestation.

Nuts, seeds, and soy beans are advertised to be sources of protein, according to health food promoters. However, nuts and soy beans are low in one of the essential amino acids, and seeds are low in another one (Amino acids are the "building blocks" of protein). Thus these foods are limited as a source of good protein for human nutrition. As well as seeds and nuts are 50 per cent fat, so are high in calories, which further limits their value as a source of protein.

Soy beans have a "protein score" of 70 (beef protein score: 87) and soy flour a biological value of 65.

## Beware of con men

FROM THE District Agriculturist's office.

When selling hay to somebody you do not know ask for cash or a certified cheque and investigate any stories regarding government subsidies or assistance with which you are not familiar.

## Publications

The following are available from this office. Indicate the ones you require by a check mark and mail the clipping to the Department of Agriculture, Box 510, Morinville, T2C 1P0. (Don't forget to give us your name and address.)

- ... 38 Answers to What's Cooking?
- ... Your Food Costs
- ... Food and You
- ... Looking Forward to lunch
- ... Uninvited Guests - the Prairie Duck Problem
- ... Home Storage Room for Fruits & Vegetables

(milk: 74), so these are relatively good sources of protein for humans.

**UNPROCESSED FOODS**  
Raw milk, raw milk cheese, yogurt, buttermilk, unpasteurized honey, sea salt, non-iodized salt, raw brown sugar, demarara sugar.

In promoting the use of these foods, health food fanatics reveal a lack of knowledge of nutrition and processing methods.

In the first four products, they object to the pasteurizing of milk, because they claim it destroys Vitamin C and causes a loss of calcium, Vitamin B and B<sub>12</sub> and "anti-stiff" factor preventing arthritis in young animals, an anti-anemia factor, anti-ulcer factor, a natural germicide, and more than a dozen enzymes.

These claims are not true. Pasteurization causes no loss of calcium and only minimal losses of the vitamins. Claims for the other factors are absurd.

The pasteurization of milk is important as a public health measure to ensure that T.B. and undulant fever are not transmitted from cow to man.

Yogurt and buttermilk are not only made from pasteurized milk, but are even further "processed" by the addition of specific cultures. They are certainly good foods to consume, but it is difficult to see why health food fanatics call them "unprocessed."

Honey is pasteurized to destroy bacteria and moulds that reduce its shelf life. It is 80 per cent sugar and contains only minimal amounts of nutrients needed for daily intake.

In Canada, all salt for household and table use must be iodized and the presence of iodine declared on the label. Sea salt may be found in health food stores; "for use in the bath," but intended for table use. The avoidance of iodized salt leads to the possibility of getting simple goitre. As well, sea salt is a questionable source of iodine and costs 10 times the price of regular iodized salt.

As for raw sugar, it ferments easily, is often dirty, and its food value is not much better than white sugar. Demarara sugar is a course brown sugar, of

which the only advantage is "a slightly higher molasses content" than regular brown sugar.

**ORGANIC FOODS**  
It is NOT TRUE that foods grown in soil fertilized by natural rather than chemical fertilizers are nutritionally superior. Chemical fertilizers are a necessity for maximum crop yield, in that the huge quantities of manure and composts that would be required to replace the chemicals for Canadian farms, do not exist.

Sufficient organic matter already exists in the soils to improve soil structure, increase water-holding capacity, soil aeration, and growth of soil organisms. The nutrient composition of crops, however, is not changed by the type or amount of fertilizer used. Fertilizers act only to INCREASE CROP YIELD. The genes of a plant determine its nutrient composition.

If insecticides and pesticides were not used, it is possible that up to 50 per cent of our crops would be destroyed by flying and crawling creatures before they could be harvested for human consumption. The Food and Drug Directorate protects Canadians by prohibiting the sale of food products that may contain any poisonous or harmful substance.

Tolerance for pesticide residues (considered poisonous substances) are established to ensure that the consumption of residues will not exceed the acceptable daily intake (ADI) determined for these pesticides. The Food and Drug Directorate continually monitors, inspects, and analyses samples of foods, and works with agricultural and health officials to ensure proper use of pesticides.

If a food is found to contain pesticide residues in excess of human tolerance levels, the offending food is removed from the market and fines levied. This program of the Food and Drug Directorate (F.D.D.) helps ensure the safety of our food supply.

There is NO BASIS for

the claims of the promoter of organic foods who lather or ignore of these protective measures or tries to shake the confidence of the public in the Food and Drug Directorate, or both. Besides, regular household practices of washing, peeling and cooking fruits and vegetables remove most of the pesticide residue that may exist.

Next column: Dietary Supplements - Are They Really Necessary?

## Cereal & Legume Plots of interest to farmers

By Wally Klatt

Cereal and Legume plots were seeded this spring in co-operation with farmers of our district. These plots are for viewing by interested farmers and to determine the adaptability of varieties to our conditions.

The subject plots are located as follows:

John Kluthe - Morinville Barley varieties: Galt, Bonanza and Betzes. John also added Conquest and Paragon. These are very good plots. Bill Flynn - St. Albert - Faba bean.

Al Sustryk - Gibbons - Fabia bean. These five acre plots reveal the Fabia bean characteristic. As of this date these beans have reached

a good height, are strong in straw but of course are late in maturity. These are very good and interesting plots to observe.

Roy Como - Plots located outside of St. Albert - Oat varieties: Rambler, Grizzly, Harmon. The growth to date is good. Rambler is leading as of this date (25 July) revealing its earliness.

If you're interested in these plots you can obtain specific directions from the above producers or from our extension office.

We wish to express our thanks to the "co-operators" namely John, Bill, Al and Roy for the 1973 seeding and to Lawrence

(Kluthe) and Jim (Milligan) for being co-operators in 1972 with regard to Zephyr rapeseed.

In addition to the above we've had forage plots located at Stan Kowalski's farm at Bon Accord for two years. These plots are well marked, are interesting and should be of much value to farmers. Thanks to Stan for the use of his land. Contact our office or Stan for specific directions.

## What is a farmer

The following was written by Bob Lyons, district agriculturist at Pincher Creek.

HE MUST BE ENGINEER ENOUGH to run \$70,000 worth of machinery, and blacksmith and welder enough to fix it. HE MUST BE economist enough to know when to buy and when to sell and bookkeeper enough to spot the weak points in his operation.

HE GAMBLES ON THE weather and prices. HE MUST BE veterinarian enough to spot livestock diseases, castrate pigs, or stick a bloated cow, and plant pathologist enough to recognize and solve crop disease problems.

HE DOESN'T HAVE TO BE a chemist but he needs

to know what his soil fertility level is and what is in fertilizer formula. HE MUST KNOW nutrition to properly feed his livestock and fertilize his crop plants. HE NEEDS TO KNOW the herbicides, fungicides and insecticides that will safeguard his crop and yet be safe to the consumer of the food and fibre he produces.

HE DOESN'T HAVE TO BE an agronomist but he must know which crop variety is best, when to plant it and how to make it produce a profit.

HE DOESN'T HAVE TO BE a diplomat, but diplomacy will help convince his wife that a new tractor will increase profits enough to buy her a dishwasher.

HE DOESN'T HAVE TO BE a psychologist but it might help to keep his children working on the farm while the city boys go fishing. A farmer today is a combination capitalist, a day laborer and a manager.

HE MUST HAVE BRAINS enough to make decisions each day and brawn enough to toss around bags of fertilizer and bales of hay. Along with all this he must have finesse enough to be able to walk into the bank and ask for a \$20,000 loan without batting an eye.

# MORINVILLE MEMOS

By Flo McGinnis

The senior citizens have been busy getting their clubhouse finished inside and now that it is totally completed they are looking forward to drawing the raffle ticket for the quilt. The date of the draw will be announced shortly, as the senior citizens stipulated that the draw would be made soon as the renovations were completed. The tickets for the draw are available from any of the senior citizens.

Mrs. Ellen Perdue (80) years of Brandon, Manitoba is in Morinville visiting her granddaughter Mrs. Yvonne Wiley. Yvonne hasn't seen her grandmother for almost 22 years. Mrs. Perdue is

enjoying her visit with her great granddaughter Mrs. Sharon Labonte, and her great-grandson Ricky Labonte.

The next meeting of the United Church Ladies Aid will be held on Sept. 12 at 8 p.m. sharp in the home of Mrs. E. Carlson. This meeting will be the first of the new season and the election of officers for the 1973-74 session will take place. All new members are welcome and are encouraged to come out and meet the present members. Please call Jean Robinson if you have any questions regarding the United Church.

The summer playground

program came to a close on Friday, August 24 when the two supervisors, Shirley Foster and Shirley Mikaluk along with the young people who had been participating, put on a tea for the parents. On display were hundreds of articles the children made during their very interesting summer activities. Included in the display were: clay models, finger painting works, decorated bottles, beadwork, macrame work, and special pictures made from flowers, weeds etc. A fair number of mothers were on hand (not nearly as many as there should have been) to view the children's handwork and enjoy coffee and cookies, while the youngsters had their 'Achievement Day'.

sidering the extent of their burns. It is believed that the boys were playing with matches, and some oil on the floor ignited. The small shed contained a large amount of polyethylene sheeting and it was due to this, which generated such terrific heat in the tiny building. Damage to the shed is minimal, however, there was a five gallon can of gas stored there as well, and it appears to be only sheer luck that this did not ignite.

## Playhouse Fire Injures 3 Youngsters

By Flo McGinnis

Just before noon on Friday, August 24 fire broke out in a small shed at the Imperial Oil Bulk Station in Morinville injuring three young boys ranging in age from 5 to 7 years.

Mr. Leonore Gibeault, owner of the station, and his assistant Leopold Boissonnault noticed smoke coming from the shed about 11:20 Friday morning. They heard the children screaming then, Mr. Gibeault quickly broke the door down to rescue the boys. Mr. Boissonnault rushed for fire extinguishers and it took three full containers to put out the fire.

In hospital in St. Albert are Lenny Gibeault (5 yrs.), Todd Bland (6 yrs.), and Johnny McCormick (7 yrs.). The boys are suffering from burns, but are reported in satisfactory condition concerning the extent of their burns.

## Morinville To Greet 20 World Camp Embassadors

By Flo McGinnis

For one month, from September 15 through October 15 there will be a Canada Youth World Camp in Morinville. Canada Youth World is a Federal Plan and the camp is an exchange between Canadians and South Americans.

In Morinville for the one month camp, will be 20 young people between the ages of 17 and 21 years. They will be Canadians and

Mexicans.

During the one month stay the young people will work in the community on special projects which will include: mapping out the old graveyard, cleaning and trimming the park across from the arena, assisting the senior citizens at home with painting, repairs etc., cleaning and repairing at the sports grounds, and cultural activities in the school.

The group will be quartered in the International Building where they will do their own housekeeping. There will be two supervisors for the young people, Ubald Chevalier and Pete Gibeault.

Morinville and district residents will undoubtedly benefit from having these young people stay, and perhaps may even learn a little Spanish.

A skid row character was brought before the judge on a drunk and disorderly charge.

'You were brought in for drinking,' testified the arresting officer.

'Thass line,' was the prompt response. 'Let's start!'

## Province Awards Grant To Sturgeon Recreation Board

A cheque in the amount of \$32,778 was presented to the Municipal District of Sturgeon Recreation Board on August 16 by St. Albert M.L.A. Ernie Jamison. On hand to receive the capital development grant for recreation cheque was chairman of the recreation board, MD Councillor Reg Crozier, and members of the board.

The following day Friday, August 17 Mr. Jamison presented the Sturgeon Recreation Board with another cheque, this one for \$48,854.95. Thus making the total amount awarded this year of \$81,632. The grant last year was of the amount of \$20,000. Below is resume of fund allocations throughout the district, showing in detail 1972 allocations plus this year's fund disbursements.

## Vimy News

By Jeanne Laplante

In attendance at the National CWL convention in Edmonton were Rev. F. Croteau, Mrs. Marlene Sabourin and Mrs. Helen Joly.

Some 50 ladies gathered in the community centre to honor Miss Irene Ringuelet at a bridal shower. The afternoon of fun and games was enjoyed also the lovely lunch which was served to terminate the gathering.

Congratulations are extended to Miss Jeanne St. Arnaud upon her recent graduation from the General Hospital School of Nursing.

Mr. and Mrs. Roger Laplante attended the wedding of Richard Laplante, former Vimy Rockets hockey player, to Miss Teresa Jane Cable. The festivities were held in Drayton Valley.

Visiting in the Huot families were Mr. and Mrs. Roger Huot and family from North Bay, Ontario.

Some 30 children enjoyed the three day playground under the auspices of the Westlock Regional Recreation Board.

Leandre Rippele was elected new councillor replacing John Zadunajski in Division 1 of Westlock municipality.

Heartly congratulations and best wishes are extended to the newlyweds.

The \$24,854.95 cheque will be going toward assisting recreation programs within the communities of the MD of Sturgeon, particularly in the field of leadership in recreation and was evenly distributed to all communities within the municipality.

The \$32,778 provincial government capital development grant for recreation awarded this year is the final payment of a total \$81,632. grant allocated. In 1972 the initial payment was of \$20,000.

This year's \$32,778 cheque awarded for the capital development of recreation facilities have been allocated as follows:

Ben Accord - \$6,000 - work on Ben Accord area; Gibbons - \$6,000 - work on Gibbons area; Horsehill - \$5,500 - assist

with building addition to their school (they received \$500 last year);

Namoo - \$6,000 - assist with addition to school Sturgeon Valley Com. League - \$2,500 - assist with community hall and skating facilities;

Mearns - \$800 - graveling of parking lot at community facilities;

Alcomdale - \$1,978 - renovations to existing community hall;

Carbondale - \$500 - playground;

Fedorah - \$2,500 - renovations to hall - and fix the foundation;

Legal - \$300 - playground Morinville - \$500 - playground.

Grants were based on the cost of the project undertaken with the maximum set at \$6,000.

The 1972 installment of \$20,000 was allocated as follows:

Villeneuve - \$6,000 - work on hall;

Calahoo - \$6,000 - work on Gazebo;

Riviere Qui Barre - \$6,000 addition to school;

Mearns - \$500 - heating in hall;

Coronado - \$500 - toilet facilities for hall;

Horsehill - \$500 - base-ball diamonds;

Lamoureux - \$500 - renovations to hall.

As well as this money received by the Municipal District of Sturgeon, the Town of Morinville and the Villages of Legal, Ben Accord, and Gibbons each received a grant of their own for capital development of recreation facilities based on populations.

Taking up residence on the farm at Ben Gagne's are Mr. and Mrs. Norm Huot. Mr. and Mrs. Gagne are now living in Legal.

Two of the local families moved to Mackenzie B.C. this week. We are referring to Mr. and Mrs. Hector and Paul-Emile Huot families. Good luck to them and we hope to see them visit from time to time. We wish to welcome Mr. and Mrs. Marcel St. Arnaud who are now living in the house which belonged to Mr. and Mrs. Hector Huot.

Miss Jeanne St. Arnaud and Dave Kallal were guests of honor at a social evening pending their marriage on September 8. A good crowd was on hand to wish them the best of luck and happiness.

The Vimy Noodles Club won first prize with their float in the Westlock parade.

Miss Jeanne St. Arnaud and Dave Kallal were guests of honor at a social evening pending their marriage on September 8. A good crowd was on hand to wish them the best of luck and happiness.

The Vimy Noodles Club won first prize with their float in the Westlock parade.

# Faba Bean Trial Plots Show Bright Prospects

Faba beans, also referred to as 'horsebeans' may become a highly essential forage and seed crop in Alberta if this province's 106 experimental plots come up with the desired results.

Two of the 106 Alberta Experimental Plots for Faba Beans were established in the Municipal District of Sturgeon this spring, one on the Bill Flynn farm while the other on the Al Sustryk farm near Gibbons.

Last Friday, MD of Sturgeon agriculturist Wally Klatt, with the assistance of Alan Hall initiated an official visit to the W. Flynn Faba Bean experimental plot. Present were representatives of the Alberta Department of Agriculture, Laurent Gareau, supervisor of forage crops, Ralph Albert, photographer with the department of public affairs, Don England, MD of Sturgeon Fieldman along with W. (Bill) Flynn, owner of the land and co-operator in this field plot experiment.

Faba beans are high in protein and have proven to be an excellent source of food, both for human consumption and domestic animals. Several years ago, farmers in England, Germany and France started growing faba bean crops and these proved, over the

years, to be a high-yield forage and seed crop. However, with rising prices of wheat, European farmers switched back to growing wheat and now a shortage of faba beans is being felt throughout the world.

In view of the ever growing scarcity of protein foods the world-over, faba beans are being considered in Canada as an alternate protein source and its cultivation seriously considered. That is why experimental plots have been established in Alberta this year and these extend from B.W. Island in southern Alberta to Manning in the north. A total of 106 plots, each of about five acres in size are now nearing a stage of maturity and according to Laurent Gareau, supervisor of forage crops, Alberta Department of Agriculture, "the experiment is very encouraging, the yield is better than was expected and prospects for the faba bean in Alberta are very favorable."

According to Wally Klatt, MD of Sturgeon agriculturist, faba beans contain 100 per cent more protein than wheat, thus making it a highly desirable crop. Mr. Klatt says that faba beans take between 10 and 15 days longer to mature than wheat, however, its resistance to

W. (Bill) Flynn, MD of Sturgeon co-operator with the Faba Bean experimental plot is shown above (left) with District Agriculturist Wally Klatt amidst a very lush crop of Faba.

frost, up to 10 degrees' tolerance, makes this crop a relatively safe one for this part of Alberta. He further explained that faba beans, if not allowed to go the full 130 days to maturity because of weather conditions, can be harvested as a forage crop and yield between 20 to 25 tons (wet weight) per acre. "If allowed to mature, faba can also be harvested as a seed crop and used in a wide variety of ways, either as a food for the dinner table or a nutritive supplement for poultry, hogs, beef and dairy cattle."

The recommended seedling rate of 120 lbs. per acre, the cost of faba seed is between \$16 and \$20 per hundredweight and the yield potential is between 2,000 to 3,000 lbs. per acre.

Mr. Laurent Gareau of the Department of Agriculture told The Gazette the Forage Crop Division of the department will be conducting extensive experiments and trials before the green light is given faba beans as a recommended seed and forage crop for Alberta farmers.

"We will conduct experiments to determine production costs," Mr. Gareau said, "also to determine yields, quality of faba beans and its adaptability in Alberta in relation to our type of farming." He said faba

bean production in Alberta will also have to be considered as a crop that can be harvested with equipment presently in use in the province. "We don't want to support a crop which will require special equipment to harvest and thus throw an added burden on the farmer," he said.

Additional experiments and trials will be conducted by the University of Alberta, Animal Science Dept. In view of faba beans as a feed grain for fowl, hogs and cattle. "In this regard," Mr. Gareau added, "the Department of Animal Science will conduct trial feed experiments to determine the palatability of faba beans, its efficiency as a grain, its potential in the production of milk and the quality of milk faba bean-fed dairy cattle produce."

Wally Klatt foresees faba bean crops in this area as a great source of feed and forage. "It's a bit early to tell," Mr. Klatt said, "but faba appears to be an ideal crop for this area in view of its productivity, resistance to frost and versatility."

Results of this year's extensive field experimental plots and subsequent trials will be released through the Alberta district agriculturist offices sometime during 1974.

# Bon Accord Council discusses planning

All members of council and staff were present at the regular monthly meeting of council held Monday, August 20, 1973.

Mr. Ken McAmmond, senior health inspector with the Sturgeon Health Unit met with council to introduce Mr. Peter Lee, new health inspector for this area, who will operate from the Redwater office. A meeting was arranged for Friday, August 24, 1973 when councillors from Bon Accord, Gibbons and the M.D. together with Mr. McAmmond, will examine a suggested waste disposal site.

Mr. D. McDougall and Mr. J. Long met with council to discuss village planning. They were in favor of a local planning board to act as (a) a sounding board and (b) in an advisory capacity, in any future development projects. They were most anxious that the village develop in an attractive and orderly fashion and at the same time maintain a separate identity.

Mr. Ed Breunan requested an extension on his building permit for a six-plex and this was granted. He also asked council to reconsider their decision to refuse a permit for a duplex on 49th Avenue. Council agreed to do this but no decision was reached.

Mr. Archie Jenkins asked council to consider his resignation as development control officer. This matter will be included on the agenda for September. In the meantime Mr. Jenkins will carry on.

Bylaw #62 being a bylaw of the Village of Bon Accord to authorize the assessor to use the value of land and improvements as shown on the 1973 Tax Roll, for the year 1974 was given first, second and third readings and passed unanimously.

## CORRESPONDENCE

A reply had been received from the Dept. of Highways in connection with the suggested change to the approach at the Bon Accord Cemetery. Council requested that a copy of this letter be forwarded to the MD of Sturgeon together with a letter requesting their assistance in bringing about these changes. A REVISED application and plan for the proposed subdivision - S.W. and S.E. 6-56-23-W4 received the approval of council. A questionnaire on residential water from the Geography Department, University of Alberta will be completed by the staff and another questionnaire completed by Mr. N. Mansfield, in connection with the Dis-

aster Services Act (Bill 57) will be returned to the director of the Emergency Measures Organization.

## PUBLIC WORKS

Authorization was given to order 4,000 gals. of street oil for delivery during the first week of September to all streets except main street. It is hoped that main street can be given an improved type of surface in the coming year.

The matter of making the railroad crossing near the pool elevator into a public crossing is being investigated.

Permission was given for Jim George, maintenance foreman, to take his holidays August 23, 24 and 25 and a further three days September 5, 6 and 7.

Authorization was given for a new panel assembly to be installed at the lift station in the northeast subdivision.

Following an inspection of the books and records at the Village office, by the municipal inspector, a report had been received and was read to council.

Mayor Deedman reported on the latest progress in connection with Mr. R. B. Griffiths' Application to Appeal the refusal of the development control officer to issue a building permit. (Since the meeting this matter has been before the courts and application for leave to Appeal was dismissed).

The policy of free grass seed for ditches was discussed and council were in favor of continuing this policy.

Meeting adjourned at 10:33 p.m. Next regular meeting Sept. 17, 1973.

# Gibbons

Mr. Fred Dale is now home from hospital and feeling much better.

Sincere sympathy to Mr. and Mrs. Leonard Hugheson and family on the sudden death of Leonard's mother Mrs. Cunningham in B.C.

## LEGAL LOCALS

By Lucienne Montpetit  
Tuesday, September 4 - An important meeting concerning the building of the Club 60 Roses will be held in the Legal Recreation Centre at 7:30 p.m. Mr. Charles Norman, government representative will be on hand to discuss our problems. All those interested are asked to make a special effort to attend.

Visiting with Mrs. Beatrice Carriere was her son Mr. and Mrs. Emile Coulombe and family from Burnaby, B.C.

Mr. and Mrs. Maurice Remillard and family from Radville, Sask. enjoyed their holiday with his mother Mrs. Diane Remillard and their many relatives.

The senior citizens who attended the barbecue in Morinville August 24 certainly enjoyed their outing. On August 27 several car loads of senior citizens left early for Plamondon where Father Bissonnette has the Altar Boys Chale. Each had brought lunch, the day was a delight and an enjoyable one for all. Father has done a tremendous amount of work to make the Chale and surroundings what it is today.

Bill Lemarkund from Sexsmith and his sister Mrs. Lil Goudron from Beverly Trinity Jersey Channel Island whom he hadn't seen for 46 years from Mrs. Rozelle Collins from Sarnia, Ontario were visiting with the Roger Oulette family for a week. When Bill was young he lived with Mr. and Mrs. Jos Oulette till the age of 19 years. Being in Legal the day of Mrs. Yvette

Reginbald's daughter's wedding they were happy to attend and renew old acquaintances from Thorhill and surrounding districts.

Mr. and Mrs. Rauch from Winnipeg have purchased Mr. Charlie Clement's farm.

Mrs. Tom Keane (Marie Laframboise) from Gander Newfoundland spent three weeks visiting with her family and friends. Marie was happy to say she was moving to St. Catherine's Ontario a few steps closer to home.

Mr. and Mrs. Henri Garneau have sold their farm to Mr. and Mrs. Gallagham from Edmonton. The Garneau's have purchased a new home in the village and I'm happy to say they will be our neighbors.

Paulette Clouthier and Doris Auger, two grade 11 social studies students really enjoyed the U.N. Social Study Seminar at the Banff Centre. The girls were sponsored by various organizations in the community to which they are very grateful.

Mr. and Mrs. Arthur Dufresne from Kimberley, B.C. and Mrs. Henri Garneau and Mr. and Mrs. Roger Oulette and many friends and relatives in the district.

Donald Kacharowski, son of Mr. and Mrs. Lloyd Kacharowski left on August 6 for London, Ontario for an orientation program before leaving on August 18 for

Botswana in Southern Africa. Don was chosen among many students by CUSD and sent to teach high school for two years. Don was happy to have the opportunity and the wonderful experience to go in another country where their history and customs are so different than ours. Good luck and success in your new venture Donald.

Margo Montpetit left Saturday by plane for Camp Katimavik in Ottawa. Margo and six others from various points in the province along with other representatives will attend a leadership course to help promote and encourage french among the french speaking youth throughout the communities. Margo is representing Morinville, Vimy and Legal regions.

School will open on September 4. Buses will collect pupils at the usual time on the morning of September 4. It is important that all students be present during the morning of that day.

Students will be dismissed at noon on September 4 and buses will run at that time. The afternoon will be a non-instructional half-day devoted to organization and only the teachers will be at the school. Beginning Wednesday classes will operate on a regular basis.

Any students who have moved in, Legal since the end of June should register before the end of August, and should contact the principal Mr. Dixon Keane 598-2257.

## Playground Program

By Lucienne Montpetit  
Rita Larose and Debbie Mercier the playground supervisors held Mother's Day at the Recreation Centre Friday afternoon. A good number of mothers were present, along with Jean Smith and Carl Royan. The 50 children sang several action songs, games were played with mothers and children, a short ski entitled "Accidents can happen" was prepared by the

youngsters themselves, also a tremendous display of arts and crafts that was most fascinating.

The enthused youngsters had decorated two chairs with Rita and Debbie written on the back, colorful streamers and balloons encircled the chairs. They were also happy to present their supervisors with a souvenir in appreciation. Debbie and Rita were really touched by that wonderful gesture. The girls had prepared a very tasty lunch to conclude a full afternoon.

Rita and Debbie are to be commended for all the work they did with our youngsters. Come rain or shine their good humor made everyday a sunny one for the children. They were very patient and understanding with everyone even the most active ones.

The mothers would like to thank them for a job well done and hope the same program will be continued next year.

## Report From Bon Accord

By Sadie Allen

Registration for tap dancing and modern jazz is now taking place with lessons to begin in October. Those interested please phone 298-3783, after 6 p.m.

Congratulations to Susan Abramski on her showing at the Black Gold Days Horse Show held at Leduc on Aug. 18-19. Susan placed second in the halter showmanship class for 10 and under and sixth in the walk and trot performance class for 10 and under.

A large crowd of ladies turned out on Wednesday, August 15 to honor Miss Dorothy George at a miscellaneous shower held in the community centre clubroom. Hostess for the occasion was Mrs. Art Strawson.

Sunday School will resume operation at the Bon Accord United Church on Sept. 10. Everyone, regardless of church affiliation is welcome to attend.

A belated in some cases, but a nonetheless warm welcome to the following new residents of Bon Accord. In the new subdivision - to families R. Moreau, R. F. Carleton, R. Lane, W. Hobbs A. Straughan, W. McDonald, K. Sorsdahl, L. Bourdon, E. Lemke, L. W. Hill, D. A. Wyness, M. Lafrance, W. J. Mollison, Evans, T. Murphy, R. K. Lang, N. L.

Emery, D. Ralph, E. J. Fisher, Pearce, J. R. Burnham, K. A. Melech, D. G. Doney, Neil Lenny, John Donoghue, D. Lehman, H. Weber, R. Beauchemin - in Old Town - C. Leblanc, Peter Leduc, E. L. Butler, M. Kuzma, Ron Herd, D. Latta, J. Thomas, Lyle McKenzie, Jim Ross, Terry King and oldtime district residents who are now in the village, Chester McBride and Allan McBride.

Some suggestion has been made about naming the town subdivisions. Let's all start thinking of some good names so that we'll be ready when the occasion arises.

Baseball boys downed Morinville in the third game of the semi-finals played at Bon Accord on August 21. A fine crowd of enthusiastic supporters was on hand to cheer on their respective teams. On Sunday, August 26 the boys lost out in a hard

fought, 10 inning game by a 5 - 4 score to Barrhead.

First parade of fall season #524 Cadet Squadron will be held on Sept. 4, 7:30 p.m. in the Bon Accord Community Centre. Open to boys and girls 13 years of age. Parents are urged to attend.

PRESIDENT

# Cheaper by the dozen!

# \$15 August Family Rate at the Mac.

Edmonton's most popular hotel presents fat-cat savings on weekend family rates. For the month of August only you can stay any Friday, Saturday, or Sunday night for only \$15. And this special saving rate is good for single or double occupancy, and children share your room at no extra charge. The Mac will provide baby cribs on request, and even canned baby food service. Just ask.

You don't have to go far for fine food and entertainment either. The cosy Can Can piano-bar and lively Peppercorn dining room are just an elevator ride away. Or get in the swim, and splash down in the luxurious heated pool, for guests only.

Look ahead to fun, book ahead now -- \$15 Family Rate is good for August only. Clip Reservations Coupon and mail to:

**Hotel Macdonald** A CN Hotel  
You'll be surprised how much we've changed.

# St. Albert Kinsmen To Hold TV Bingo

By John Graves

After several months of diligent preparation our Rocket has been fuelled up and is now in the final count down stage. All systems are GO and it is hoped that several new universes will be explored during its one year mission.

We refer of course to the spaceship going under the name of the Kinsmen Club of St. Albert piloted by its new commander Barry Welsh and crewed by its new executive.

Before looking ahead it would be appropriate to mention some past achievements. These include Kinsmen Tot Lots, involvement in building the new arena plus provision of the artificial ice plant, purchase of the Kinsmen Bus for community use, provision of financial assistance to various groups and organizations, running of Rodeo, Beerfest and Parade to help celebrate our town's birthday, Kincinema for children on Saturday afternoons dur-

ing the winter, administration of minor hockey which catered for almost 1,000 boys last winter, together with many other projects carried out by its close auxiliary the Kinetite Club whose membership is made of Kinsmen wives.

But all this costs money and the Kinsmen have had to seek various ways in which to raise this money. Many immediately come to mind, Peanut Night, Skate-a-thon, Beerfest, \$1,000 Bill raffle, Kinstakes. Other events such as Rodeo, Parade and Kincinema are pure service projects and as such budgeted to break even although in the case of Rodeo a loss is often inevitable.

This year the Club is looking at several new exciting service projects one of which will be chosen and announced soon. Obviously, therefore, some new means of raising funds must be found. The club feels that it has found a novel and inexpensive way for community minded citizens to give their support and this is by means of a TV Bingo. TV Bingo is to be held on Wednesday, Sept. 5 on CFRN TV at 8:30 p.m. approximately, with 10 prizes of \$1,000 each and a grand prize consisting of a 1973 Ford Pinto. Tickets are only \$1 each, or seven for \$5 and can be purchased from any Kinsmen and several retail establishments in St. Albert and surrounding areas.

The Kinsmen Club hopes that the citizens of our town will once again support them in this latest venture so that the club can fully carry out its main function to serve the community's greatest need.

By the way, if any community minded young man wishes to learn more about the Kinsmen organization do not hesitate to contact any Kinsmen or the president Barry Welsh at 459-7191.

These youngsters, all decked-out in a wide assortment of costumes were attending a wind-up party after a very successful summer. Librarian Don Mills and helpers organized this gala for young Summer Reading Club members at the Library last Saturday. The two-hour party included goodies to eat, a puppet show, games and presentations to the most distinguished youngster who read the most books during his summer holidays. Other presentations were made for other accomplishments.

## Trustee Dave Fraser Accepts East Posting

A trustee for many years with St. Albert's Public School District, Dave Fraser of 18 Greenview Cresc. obtained a four-month leave of absence from the Board last week to take up a temporary posting in Toronto.

In speaking to his letter of request for leave, Mr. Fraser informed the Board his posting to Eastern Canada will be effective September 4th to the end of December.

Mr. Fraser is employed with the Federal Department of the Environment, Atmospheric Environment Service with offices at the International Airport. Dave is the Officer in Charge of Arctic Weather Central.

After the meeting, Mr. Fraser said he will not dislodge his family in this posting, in view of many factors, not the least of which being the short term of the posting, also the fact he has three of his family of six children attending school in St. Albert.

Dave will be in the headquarters unit in Toronto which monitors regional output and provides new meteorological services. It is a matter of policy to bring

men in to headquarters periodically, and at present some changes are being considered for the office here, aimed at expanding in the north.

He was also in Toronto last year, at which time he was involved in editing a study on arctic policy. Mr. Fraser, an honours physics graduate, obtained a Master's degree in Meteorology from the university of Toronto in 1950 and joined the Atmospheric Environment Service the same year. He started forecasting for the arctic in 1956.

"I'll be making the occasional trip home during my Eastern sojourn," Mr. Fraser said, "and my wife will be coming to Toronto sometime in October." Although the posting is slated for a

DAVE FRASER  
four-month period, Mr. Fraser expects to be back home with his family December 21.

## ATTENTION VOLKSWAGEN OWNERS

We repair, sell, exchange anything you need for your car. Motors, transmissions, rear ends, tires, wheels, all body parts, glass, batteries. We can go on and on. Whatever your needs are we have it.
